

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Leonetti
DOCKET NO.: 15-22814.001-R-1
PARCEL NO.: 08-12-421-004-0000

The parties of record before the Property Tax Appeal Board are John Leonetti, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,801
IMPR.: \$26,873
TOTAL: \$30,674

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling is approximately 53 years old and has 2,163 square feet of living area. Features of the home include a crawl-space foundation, central air conditioning, a fireplace and a two-car garage. The property has an 8,448-square foot site and is located in Mount Prospect, Elk Grove Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assigned neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame and masonry construction. The dwellings are either 40 or 50 years old and contain from 2,280 to 2,478 square feet of living area. The comparables have partial basements; two comparables have central air conditioning; and three comparables have

fireplaces. Information regarding garages was not provided on the appellant's grid analysis. The comparables have improvement assessments ranging from \$22,275 to \$27,010 or from \$9.77 to \$11.09 per square foot of living area. The appellant also submitted a map showing the location of the subject property and three of the comparable properties. The map revealed that three of the appellant's comparables were not located near the subject property. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$23,144 or \$10.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$30,674 was disclosed. The subject property has an improvement assessment of \$26,873 or \$12.42 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same assigned neighborhood and classification codes as the subject. One of the comparables is located on the same tax block as the subject, and the other three are located one-quarter mile from the subject. The comparables are improved with two-story dwellings of masonry or frame and masonry construction. The dwellings are from 52 to 57 years old and contain from 1,814 to 2,057 square feet of living area. One of the comparables has a crawl-space foundation like the subject, and the other three have partial basements, two of which have finished area. Three comparables have central air conditioning; three comparables have one or two fireplaces; and each comparable has a garage, either one-car or two-car. These properties have improvement assessments ranging from \$26,433 to \$32,479 or from \$14.57 to \$16.09 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board gave less weight to the appellant's comparables because none were located near the subject, and comparable #1 was significantly newer than the subject. Board of review comparable #1 also received less weight due to its one-story design. The Board finds the best evidence of assessment equity to be board of review comparable #2. This comparable was very similar to the subject in all characteristics and was the only one in the record with a crawl-space foundation like the subject. As further support, the Board finds that board of review comparables #3 and #4, despite differing in foundation, were very similar to the subject in location, age and living area. As a group, board of review comparables #2 through #4 had improvement assessments that ranged from \$15.46 to \$16.09 per square foot of living area. The subject's improvement assessment of \$12.42 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
