

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Voutsinas  
DOCKET NO.: 15-22822.001-R-1  
PARCEL NO.: 09-24-206-027-0000

The parties of record before the Property Tax Appeal Board are George Voutsinas, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,006  
**IMPR.:** \$17,221  
**TOTAL:** \$21,227

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry construction with 1,200 square feet of living area. The dwelling is approximately 54 years old. Features of the home include a full unfinished basement, central air conditioning and a two-car garage. The property has a 6,968 square foot site and is located in Niles, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. In support of this argument the appellant submitted limited information on four equity comparables. The comparables had varying degrees of similarity to the subject, however, the appellant failed to disclose whether the comparables had garages, like the subject. The comparables had

improvement assessments ranging from \$12,820 to \$15,378 or from \$10.09 to \$11.54 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,227. The subject property has an improvement assessment of \$17,221 or \$14.35 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that were located on the same block as the subject property. The comparables were very similar to the subject in location, age, size and features, including having a garage. The comparables had improvement assessments ranging from \$17,262 to \$22,246 or from \$14.53 to \$18.77 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review comparables #2, #3 and #4. These comparables were most similar to the subject in location, age, size and features. These comparables had improvement assessments that ranged from \$17,262 to \$22,077 or from \$14.53 to \$18.77 per square foot of living area. The subject's improvement assessment of \$17,221 or \$14.35 per square foot of living area falls below the range established by the best comparables in this record. The Board gave less weight to the board of review's remaining comparable due to its superior finished basement area, unlike the subject. The Board gave less weight to the appellant's comparables due to their lack of a basement foundation, lack of central air conditioning and/or lack of information regarding their garage. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
