

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lori Siptrott  
DOCKET NO.: 15-22825.001-R-1  
PARCEL NO.: 09-33-109-061-0000

The parties of record before the Property Tax Appeal Board are Lori Siptrott, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,702  
**IMPR.:** \$17,132  
**TOTAL:** \$21,834

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and masonry construction. The dwelling is approximately 41 years old and has 1,641 square feet of living area. Features of the home include a full unfinished basement and a two-car garage. The property has a 9,900-square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted a grid analysis with information on three equity comparables. The comparables have the same assigned neighborhood and classification codes as the subject. The comparables are improved with one or one and one-half story dwellings of frame or frame and masonry construction. The dwellings are from 62 to 125 years old and contain from 1,460 to 1,722 square feet of living area. Two comparables have basements; two comparables have

central air conditioning: and one comparable has a fireplace. Information regarding garages was not provided on the appellant's grid analysis. The comparables have improvement assessments ranging from \$1,424 to \$13,299 or from \$0.98 to \$7.82 per square foot of living area. The appellant also submitted a map showing the location of the subject property and the comparable properties. The appellant's map revealed the comparables were located over one-half mile from the subject. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$12,586 or \$7.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$21,834 was disclosed. The subject property has an improvement assessment of \$17,132 or \$10.44 per square foot of living area. The board of review presented descriptions and assessment information on four suggested comparable properties with the same assigned neighborhood and classification codes as the subject. Three of the comparables were described as being located one-quarter mile from the subject property. The comparables are improved with one-story dwellings of masonry or frame and masonry construction. The dwellings are from 35 to 48 years old and contain from 1,284 to 1,533 square feet of living area. Two comparables have finished basements, either full or partial, and two comparables have full unfinished basements. Each comparable has central air conditioning and a garage, either two-car or two and one-half car. Two comparables have fireplaces. These properties have improvement assessments ranging from \$16,460 to \$19,518 or from \$10.95 to \$15.20 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of seven suggested comparables. The Board finds the appellant's comparables were much older than the subject and were not located near the subject. In addition, the appellant's comparable #3 lacked a basement, and the appellant's comparable #1 was an outlier with an improvement assessment of \$0.98 per square foot of living area that was substantially lower than any other comparable submitted for this appeal. As a result, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables were more similar to the subject in location and were generally similar in age and living area. These comparables had improvement assessments that ranged from \$10.95 to \$15.20 per square foot of living area. The subject's improvement assessment of \$10.44 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
