

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Kakkanad  
DOCKET NO.: 15-22839.001 -R-1  
PARCEL NO.: 09-14-104-033-0000

The parties of record before the Property Tax Appeal Board are Thomas Kakkanad, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,909  
**IMPR.:** \$25,633  
**TOTAL:** \$31,542

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling is approximately 22 years old and has 2,648 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and an attached three-car garage. The property has a 7,879-square foot site and is located in Niles, Maine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame and masonry construction. The dwellings are from 46 to 62 years old and contain from 2,178 to 3,296 square feet of living area. Each dwelling has a basement and a

fireplace, and three dwellings also have central air conditioning. The appellant did not provide information regarding garages on the grid analysis. The comparables have improvement assessments ranging from \$11,122 to \$18,859 or from \$5.11 to \$7.48 per square foot of living area. The appellant also submitted a map showing the location of the comparable properties but not the location of the subject property. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$15,623 or \$5.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$31,542 was disclosed. The subject property has an improvement assessment of \$25,633 or \$9.68 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. One of the comparables is located on the same block as the subject, and two comparables are located one-quarter mile from the subject. The comparables are improved with two-story dwellings of frame and masonry or frame construction. The dwellings are 19 or 27 years old and contain from 2,366 to 2,575 square feet of living area. Three dwellings have unfinished basements, either full or partial, and another dwelling has a full finished basement. Each dwelling has an attached two-car garage, and three dwellings have central air conditioning and a fireplace. These properties have improvement assessments ranging from \$26,056 to \$30,402 or from \$10.93 to \$12.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables were significantly older than the subject and received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables were more similar to the subject in age and were also similar in location, story height and living area. These comparables had improvement assessments that ranged from \$10.93 to \$12.19 per square foot of living area. The subject's improvement assessment of \$9.68 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
