

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dennis Schiro  
DOCKET NO.: 15-22851.001 -R-1  
PARCEL NO.: 28-32-100-050-0000

The parties of record before the Property Tax Appeal Board are Dennis Schiro, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,549  
**IMPR.:** \$12,976  
**TOTAL:** \$16,525

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling is approximately 46 years old and has 1,572 square feet of living area. Features of the home include a partial finished basement, central air conditioning and a one-car garage. The property has a 17,745-square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame and masonry construction. The dwellings are from 43 to 46 years old and contain either 1,758 or 1,778 square feet of living area. Three comparables have partial basements, and two comparables have central air conditioning. Information regarding garages

was not provided on the appellant's grid analysis. The comparables have improvement assessments ranging from \$12,886 to \$13,053 or \$7.33 and \$7.34 per square foot of living area. The appellant also submitted a map showing the location of the subject property and the comparable properties. The map disclosed that the comparables are located between one-half mile and one mile of the subject property. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$11,538 or \$7.34 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$16,525 was disclosed. The subject property has an improvement assessment of \$12,976 or \$8.25 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame and masonry construction. The dwellings are 46 years old and contain 1,304 or 1,758 square feet of living area. Each comparable has a partial finished basement and a garage, either one-car or two-car. Three comparables have central air conditioning, and one comparable has a fireplace. These properties have improvement assessments ranging from \$12,406 to \$14,965 or from \$8.30 to \$9.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds that all of the comparables were located in the same general area; however, none were located in close proximity to the subject property. The Board finds all of the comparables were two-story dwellings of frame and masonry construction that were very similar to the subject in age and were generally similar in living area. Despite all these similarities, the Board finds there were differences in features. The appellant's comparables #2 and #3 and board of review comparable #3 lacked central air conditioning and the appellant's comparable #4 did not have a basement. As a result, the appellant's comparables #2 through #4 and board of review comparable #3 received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and board of review comparables #1, #2 and #4. The Board finds these comparables were very similar to the subject in features like a partial basement and central air conditioning. These comparables had improvement assessments that ranged from \$7.33 to \$9.51 per square foot of living area. The subject's improvement assessment of \$8.25 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
