

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Milkus
DOCKET NO.: 15-22854.001 -R-1
PARCEL NO.: 28-04-201-035-0000

The parties of record before the Property Tax Appeal Board are Milkus, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,551
IMPR.: \$13,594
TOTAL: \$16,145

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry construction. The dwelling is approximately 38 years old and has 1,150 square feet of living area. Features of the home include a partial finished basement and a two-car garage. The property has a 6,804-square foot site and is located in Crestwood, Bremen Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with multi-level dwellings of frame and masonry construction. The dwellings are from 27 to 43 years old and contain from 1,300 to 1,423 square feet of living area. Each comparable has a partial basement; three comparables have central air conditioning; and one comparable has a fireplace.

Information regarding garages was not provided on the appellant's grid analysis. The comparables have improvement assessments ranging from \$13,351 to \$14,285 or from \$10.04 to \$10.27 per square foot of living area. The appellant also submitted a map showing the location of the subject property and the comparable properties. The map revealed that the comparables were located from one-quarter to one-half mile from the subject property. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$11,776 or \$10.24 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$16,145 was disclosed. The subject property has an improvement assessment of \$13,594 or \$11.82 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. The comparables are located on the same block as the subject property. The comparables are improved with multi-level dwellings of frame and masonry construction. The dwellings are from 36 to 38 years old and contain from 1,150 to 1,278 square feet of living area. Three comparables have partial finished basements, and one has a crawl-space foundation. Three comparables have two-car garages, and one comparable has central air conditioning. These properties have improvement assessments ranging from \$14,259 to \$15,447 or from \$12.09 to \$12.40 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight comparables. All of the comparables were multi-level dwellings of frame and masonry construction like the subject. However, the appellant's comparables were not located as close to the subject as the board of review comparables were. In addition, the appellant's comparable #1 was newer than the subject and also had more living area. As a result, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the board of review comparables due to their superior location. The board of review comparables were located on the same block as the subject and were more similar to the subject in age. In addition, board of review comparables #1 through #3 were more similar in living area, and comparables #2 and #4 had the same features (a partial finished basement and a two-car garage) like the subject. The board of review comparables had improvement assessments that ranged from \$12.09 to \$12.40 per square foot of living area. The subject's improvement assessment of \$11.82 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
