

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Lanenga
DOCKET NO.: 15-22859.001 -R-1
PARCEL NO.: 28-14-309-060-0000

The parties of record before the Property Tax Appeal Board are Kenneth Lanenga, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,593
IMPR.: \$12,373
TOTAL: \$15,966

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry construction. The dwelling is approximately 28 years old and has 1,786 square feet of living area. Features of the home include a full unfinished basement. The property has a 23,958-square foot site and is located in Markham, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with one and one-half story dwellings of frame construction. The dwellings are from 54 to 76 years old and contain from 1,565 to 1,650 square feet of living area. One comparable has a basement, and two comparables have central air conditioning. Information regarding garages was not provided

on the appellant's grid analysis. The comparables have improvement assessments ranging from \$4,671 to \$5,871 or from \$2.83 to \$3.75 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$6,197 or \$3.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$15,966 was disclosed. The subject property has an improvement assessment of \$12,373 or \$6.93 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. Comparable #3 is located in the same tax block as the subject, and comparable #4 was described as being located one-quarter mile from the subject property. On the grid analysis, the comparables are described as one-story dwellings of frame or frame and masonry construction. However, the board of review's photographic evidence reveals that comparables #1 and #2 resemble multi-level dwellings; comparable #3 is two-story in design; and comparable #4 is a one-story dwelling. The dwellings are from 13 to 18 years old and contain from 1,372 to 1,653 square feet of living area. Comparables #1 and #2 have partial finished basements; comparable #3 has a crawl-space foundation; and comparable #4 has a full unfinished basement. Two comparables have central air conditioning, and three comparables have a fireplace and a garage, either two-car or two and one-half car. The board of review's four comparable properties have improvement assessments ranging from \$10,722 to \$11,820 or from \$7.04 to \$8.58 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties presented assessment data on a total of seven suggested comparables. The Board finds that none of the comparables submitted were sufficiently similar to the subject property. The Board finds the appellant's comparables were considerably older than the subject and were one and one-half story dwellings, not one-story like the subject. The Board finds the board of review's four comparables were newer than the subject, and three of these comparables also differed in design from the subject. Although the board of review described these comparables as one-story dwellings, the board of review's photographic evidence indicates that two of the comparables were multi-level; another was two-story; and only one comparable was one-story like the subject. The Board takes note that the seven comparables submitted for this appeal had improvement assessments that ranged from \$2.83 to \$8.58 per square foot of living area. The subject's improvement assessment of \$6.93 per square foot of living area falls within this range. Based upon this record, the Board finds the subject's per square foot improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
