

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Ertl  
DOCKET NO.: 15-22874.001-R-1  
PARCEL NO.: 28-19-416-021-0000

The parties of record before the Property Tax Appeal Board are Thomas Ertl, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,339  
**IMPR.:** \$11,868  
**TOTAL:** \$14,207

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and masonry construction. The dwelling is approximately 45 years old and has 1,290 square feet of living area. Features of the home include a concrete slab foundation, central air conditioning and a two-car garage. The property has a 7,198-square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with one or one and one-half story dwellings of frame, masonry, or frame and masonry construction. The dwellings are from 65 to 82 years old and contain from 1,336 to 1,471 square feet of living area. Two comparables have basements; each comparable has central air conditioning; and two

comparables have a fireplace. Information regarding garages was not provided on the appellant's grid analysis. The comparables have improvement assessments ranging from \$1,718 to \$9,429 or from \$1.17 to \$6.65 per square foot of living area. The appellant also submitted a map which revealed the comparables were not located near the subject property. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$2,954 or \$2.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$14,207 was disclosed. The subject property has an improvement assessment of \$11,868 or \$9.20 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties. The comparables have the same neighborhood and classification codes as the subject and are located on the same block or tax block as the subject property. The comparables are improved with one-story dwellings of frame and masonry construction. The dwellings are 46 years old and contain 1,120 square feet of living area. The comparables have full or partial basements, with two having finished area. Three comparables have central air conditioning and two-car garages. The board of review's four comparable properties have improvement assessments ranging from \$10,304 to \$14,009 or from \$9.20 to \$12.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of seven suggested comparables. The Board finds the appellant's comparables differed from the subject in location and age and comparables #2 and #3 differed from the subject in design. Moreover, the appellant's comparables #1 and #2 had improvement assessments of \$1.17 and \$2.29 per square foot of living area, respectively, that were suspect because they were much lower than the other comparables submitted for this appeal. As a result, the appellant's comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The Board finds these comparables, despite differing from the subject in foundation, were located in the same block or tax block as the subject; were identical to the subject in design, exterior construction and age; and were very similar in living area. These comparables had improvement assessments that ranged from \$9.20 to \$12.51 per square foot of living area. The subject's improvement assessment of \$9.20 per square foot of living area is identical to the improvement assessment at the low end of the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
