

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ronald Fobert
DOCKET NO.: 15-22875.001-R-1
PARCEL NO.: 28-16-306-025-0000

The parties of record before the Property Tax Appeal Board are Ronald Fobert, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,310
IMPR.: \$12,180
TOTAL: \$14,490

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry construction. The dwelling is approximately 52 years old and has 1,602 square feet of living area. Features of the home include a crawl-space foundation and a one-car garage. The property has a 6,600-square foot site and is located in Oak Forest, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same neighborhood and classification codes as the subject. The comparables are improved with one-story dwellings of frame or frame and masonry construction. The dwellings are from 51 to 61 years old and contain from 1,602 to 1,752 square feet of living area. One comparable has an unfinished basement. Each comparable has central air conditioning, and the appellant's

photographic evidence revealed each comparable has a garage. The appellant's comparables have improvement assessments ranging from \$4,459 to \$9,093 or from \$2.67 to \$5.19 per square foot of living area. The appellant also submitted a map which revealed that one of the comparables was located in close proximity to the subject property. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$8,298 or \$5.18 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$14,490 was disclosed. The subject property has an improvement assessment of \$12,180 or \$7.60 per square foot of living area. The board of review presented descriptions and assessment information on four comparable properties with the same neighborhood and classification codes as the subject. Two comparables are located in the same tax block as the subject property. The comparables are improved with one-story dwellings of frame, masonry or frame and masonry construction. The dwellings are from 48 to 58 years old and contain from 1,560 to 1,690 square feet of living area. One comparable has a crawl-space foundation; two comparables have finished basements, either full or partial; and another comparable has a partial unfinished basement. One comparable has central air conditioning and a fireplace, and three comparables have garages, either one and one-half car or two-car. The board of review's four comparable properties have improvement assessments ranging from \$11,821 to \$14,028 or from \$7.58 to \$8.72 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of seven suggested comparables. The Board finds the appellant's comparables #1 and #3 differed from the subject in location and the appellant's comparable #3 and board of review comparables #1 through #3 had basements that were dissimilar from the subject's crawl-space foundation. As a result, the appellant's comparables #1 and #3 and board of review comparables #1 through #3 received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and board of review comparable #4. The Board finds these comparables were similar to the subject in not having basements and were also similar in location, design, exterior construction, age and living area. These comparables had improvement assessments of \$5.18 and \$7.61 per square foot of living area. The subject's improvement assessment of \$7.60 per square foot of living area falls between the improvement assessments of the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
