

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Eskandaki
DOCKET NO.: 15-22974.001 -R-1
PARCEL NO.: 05-21-114-009-0000

The parties of record before the Property Tax Appeal Board are Mark Eskandaki, the appellant, by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$47,044
IMPR.: \$83,022
TOTAL: \$130,066

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 3,425 square feet of living area. The dwelling is approximately 46 years old. Features of the home include a partial unfinished basement, central air conditioning, two fireplaces and a two-car garage. The property has a 23,522-square foot site and is located in New Trier, Winnetka Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables are improved with two, 1-story and two, 1.5-story dwellings that range in age from 49 to 56 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 2,771 to 3,426 square feet of living area and have

improvement assessments ranging from \$16,972 to \$57,328 or from \$6.12 to \$16.98 per square foot of living area. The appellant also submitted a map showing the location of the subject property and the comparable properties. The appellant requested the total assessment be reduced to \$90,233.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$137,807. The subject property has an improvement assessment of \$90,763 or \$26.50 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on two equity comparables located within the same neighborhood code as the subject property. The comparables are improved with 1.5-story dwellings that are 52 and 54 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings contain 3,651 and 4,386 square feet of living area and have improvement assessments of \$88,510 and \$98,644 or \$22.49 and \$24.24 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence warrants a reduction in the subject's assessment.

The parties submitted information on a total of six suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 through #4 due to their distant location when compared to the subject property. The appellant's area map appears to indicate that the comparables are located over 3.50 miles from the subject property. Less weight was also given to the appellant's comparable #1 as this property appears to be an outlier when comparing its improvement assessment to the other comparables in this record. The Board finds the board of review comparables were more similar to the subject in location, age, design and features. These comparables had improvement assessments of \$22.49 and \$24.24 per square foot of living area. The subject's improvement assessment of \$26.50 per square foot of living area falls above the best comparables in this record. Based on this record, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
