

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Adams
DOCKET NO.: 15-23018.001-R-1
PARCEL NO.: 11-19-117-004-0000

The parties of record before the Property Tax Appeal Board are David Adams, the appellant, by John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,801
IMPR.: \$23,446
TOTAL: \$26,247

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of stucco exterior construction with 1,167 square feet of living area. The dwelling is approximately 125 years old. Features of the home include a full unfinished basement, a fireplace and a one-car garage. The property has a 2,490-square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with one-story dwellings that range in age from 90 to 162 years old. The dwellings range in size from 1,112 to 1,440 square feet of living area and have improvement assessments ranging from \$19,960 to

\$24,851 or from \$17.20 to \$17.95 per square foot of living area. The appellant also submitted a map showing the location of the subject and the comparable properties. The appellant requested the total assessment be reduced to \$22,943.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,247. The subject property has an improvement assessment of \$23,446 or \$20.09 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with one, 1.5-story and three, 1-story dwellings that range in age from 93 to 105 years old. The dwellings range in size from 1,016 to 1,183 square feet of living area and have improvement assessments ranging from \$22,903 to \$24,958 or from \$20.38 to \$23.37 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on a total of seven suggested equity comparables for the Board's consideration. The Board finds that all of the comparables submitted by the parties differed substantially from the subject in age and/or dwelling design. Although none of the comparables was particularly similar to the subject, the Board notes that all of the comparables submitted had improvement assessments that ranged from \$17.20 to \$23.37 per square foot of living area. The subject's improvement assessment of \$20.09 per square foot of living area falls within this range. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
