

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Spencer Roman  
DOCKET NO.: 15-23330.001-R-1  
PARCEL NO.: 14-29-302-339-0000

The parties of record before the Property Tax Appeal Board are Spencer Roman, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,670  
**IMPR.:** \$46,000  
**TOTAL:** \$56,670

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a 23 year-old, two-story dwelling of masonry construction containing 2,082 square feet of living area. Features of the subject include central air conditioning, a slab foundation and a one-car garage. The property has a 1,026 square foot site located at 2671 North Greenview Avenue, City of Chicago, Lake View Township, Cook County. The subject's Property Index Number is 14-29-302-339-0000. The evidence did not disclose whether the subject was owner-occupied in the lien year. The subject is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables. These comparables featured central air conditioning, a slab foundation and a one-car garage. They were from 26 to 28 years-old, two stories and of masonry construction. The appellant disclosed

the subject had a total assessment of \$67,863, with an improvement assessment of \$57,193, or \$27.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing information for a property with the Property Index Number 14-29-302-009-0000 located at 2745 North Greenview Avenue, City of Chicago, Lake View Township. This property is a 132 year-old, three-story dwelling of frame construction with 2,000 square feet of living area. Features of this property included a full unfinished basement and a one-car garage. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable(s) #1, #2 and #3. These comparables had improvement assessments that ranged from \$20.93 to \$22.63 per square foot of living area. The board of review's comparables were not similar to the subject for various key property characteristics and were submitted in comparison to a property that was not the subject. The subject's improvement assessment of \$27.47 per square foot of living area falls above the range established by the best comparables in this record. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
