

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Florin Olah
DOCKET NO.: 15-23599.001-R-1
PARCEL NO.: 09-30-404-016-0000

The parties of record before the Property Tax Appeal Board are Florin Olah, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,006
IMPR.: \$13,094
TOTAL: \$19,100

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,160 square feet of living area. The dwelling is approximately 40 years old. Features of the home include a finished basement, central air conditioning and a two-car garage. The property has a 9,240 square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. The appellant disclosed the subject sold December 10, 2013 for a price of \$161,000 and had been advertised for sale for two days as set forth in Section IV-Recent Sale Data of the appeal petition. To document the sale, the appellant submitted a copy of the Settlement Statement revealing the amount of Broker's

Fees paid at settlement. The appellant spent \$30,000 to renovate prior to occupying. Based on this evidence, the appellant requested the total assessment be reduced to \$16,100.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,654. The subject's assessment reflects a market value of \$216,540 or \$186.67 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of the subject's assessment, the board of review submitted information on four comparable sales located outside the neighborhood assessment code of the subject property. The comparables consist of multi-level dwellings that range in age from 52 to 56 years old. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,105 to 1,322 square feet of living area and are situated on sites that range in size from 6,300 to 9,106 square feet of land area. The comparables sold from October to December of 2013 for prices ranging from \$219,000 to \$257,500 or from \$170.20 to \$233.03 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In a memo, counsel for the appellant contends that the purchase price is the best evidence of the subject's fair cash value.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in December 2013 for a price of \$161,000 plus the \$30,000 for renovation prior to occupying. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related and that the property had been advertised for sale by a realtor. In further support of the transaction the appellant submitted a copy of the Settlement Statement revealing the amount of Broker's Fees paid at settlement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Additionally, the Board gave less weight to the board of review's sales comparables due to their lack of proximity when compared to the subject.

Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
