

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Denise Wallin
DOCKET NO.: 15-23626.001-R-1
PARCEL NO.: 09-17-307-008-0000

The parties of record before the Property Tax Appeal Board are Denise Wallin, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,747
IMPR.: \$19,488
TOTAL: \$22,235

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one and one-half story dwelling of stucco construction with 1,856 square feet of living area. The dwelling is 88 years old. The property has a 6,106 square foot site and is located in Maine Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables.

The appellant's appeal is also based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased pursuant to a foreclosure on June 21, 2013 for a price of \$125,600, or \$67.67 per square foot, including land, from the Federal National Mortgage Association. The property was sold using a Realtor and the parties to

the transaction were unrelated. In support of this argument the appellant submitted a settlement statement. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$12,560.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,235. The subject property has an improvement assessment of \$19,488 or \$10.50 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, one of which reflected sale data.

The subject's assessment reflects a market value of \$222,350, or \$119.80 per square foot, including land, when applying the 10% level of assessment as determined by the Cook County Real Property Classification Ordinance. In addition to one sale comparable, the board of review also provided the "deed trail" for the sale of the subject from the Cook County Recorder of Deeds website. The board of review also argued that this was not an arm's-length sale.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be comparables #1 through #4 submitted by the board of review as they are most similar to the subject in size, design, location, and amenities. These comparables had improvement assessments that ranged from \$10.71 to \$11.61 per square foot of living area. The subject's improvement assessment of \$10.50 per square foot of living area falls below the range established by the best comparables in this record. Accordingly, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified on this basis.

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the sale of the subject in June 2013 for \$125,600 was a "compulsory sale" through the documentation submitted by the parties. A "compulsory sale" is defined as:

(i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

Additionally, real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 2011 IL App (2d) 100068, ¶ 36 (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill.App.3d 207, 211 (2d Dist. 1979)).

However, when there is a recent sale of the subject, and that sale is a foreclosure, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. See 35 ILCS 200/16-183 ("The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer."). Such evidence can include the descriptive and sales information for recently sold properties that are similar to the subject. See Id. The Board finds the appellant failed to provide any sale comparables for the Board's review. The board of review provided one sale that sold for a price of \$141.39 per square foot, including land. Both the subject's purchase price and the subject's current assessment reflect market values below this value. As there are no other comparables with which to compare to the subject, the appellant has failed to prove by a preponderance of the evidence that the subject is overvalued.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
