

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Gauza  
DOCKET NO.: 15-24783.001-R-1  
PARCEL NO.: 03-17-104-013-0000

The parties of record before the Property Tax Appeal Board are Thomas Gauza, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,000  
**IMPR.:** \$76,174  
**TOTAL:** \$81,174

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 5,601 square feet of living area. The dwelling is approximately 7 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a two-car garage. The property has a 20,000 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on five equity comparables. The comparables were improved with two-story dwellings of frame, masonry or frame and masonry exterior construction that ranged in size from 5,237 to 5,575 square feet of living area. The dwellings are from 4 to 16 years old. Features had varying

degrees of similarity when compared to the subject. The comparables had improvement assessments ranging from \$60,823 to \$67,179 or from \$11.52 to \$12.05 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$65,050 or \$11.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,174. The subject property has an improvement assessment of \$76,174 or \$13.60 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables were improved with two-story dwellings of masonry or frame and masonry exterior construction that range in size from 5,054 to 5,566 square feet of living area. The dwellings are from 7 to 13 years old. Features had varying degrees of similarity when compared to the subject. The comparables have improvement assessments that ranged from \$72,075 to \$77,033 or from \$13.70 to \$14.26 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with the board of review comparables #1 and #2. Despite the appellant's comparables different neighborhood codes, both parties' comparables are most similar to the subject in design, exterior construction, age, dwelling size and features. These comparables had improvement assessments that ranged from \$60,823 to \$77,033 or from \$11.52 to \$13.84 per square foot of living area. The subject's improvement assessment of \$76,174 or \$13.60 per square foot of living area is within the range established by the best comparables in this record. The Board gave less weight to the board of review comparable #3 due to its smaller dwelling size when compared to the subject. After considering adjustments to the comparables when compared to the subject, the Board finds that the subject's assessment is supported by the comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
