

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Spencer Worley  
DOCKET NO.: 15-25016.001-R-1  
PARCEL NO.: 14-20-324-016-0000

The parties of record before the Property Tax Appeal Board are Spencer Worley, the appellant, by attorney Katherine Amari O'Dell of Amari & Locallo in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$17,500  
**IMPR.:** \$113,900  
**TOTAL:** \$131,400

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a dwelling of masonry construction. Both parties described the dwelling as being two-story in design. The dwelling is 13 years old and has 2,680 square feet of living area. Features of the home include a full finished basement, central air conditioning, a fireplace and a two-car garage. The property has a 3,125 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assigned neighborhood and classification codes as the subject. The comparables' street addresses revealed that three properties are located along the same street as the subject. The comparables are improved with two or three-story dwellings of frame or masonry construction. The dwellings are from 13 to 28 years old. Each comparable has a full basement, two of which

are finished; central air conditioning; one or two fireplaces; and a garage, either two-car or two and one-half car. The appellant's grid analysis indicates the dwellings range in size from 2,452 to 2,926 square feet of living area, and their improvement assessments range from \$82,295 to \$108,964 or from \$29.56 to \$38.10 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$79,220 or \$29.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$131,400 was disclosed. The subject property has an improvement assessment of \$113,900 or \$42.50 per square foot of living area. The board of review presented descriptions and assessment information on four suggested comparable properties with the same assigned neighborhood and classification codes as the subject. Two of the comparables are located one-quarter mile from the subject property, and the other two comparables have parcel index numbers indicating they are located on the same tax block as the subject. The comparables are improved with two-story dwellings of masonry construction. The dwellings are from 10 to 18 years old. Each comparable has a full finished basement, central air conditioning and a garage, either two-car or two and one-half car. Three comparables have either two or four fireplaces. The board of review's grid analysis indicates the dwellings range in size from 2,584 to 2,870 square feet of living area and their improvement assessments range from \$114,374 to \$123,841 or from \$43.15 to \$44.90 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables #1 and #2 had frame construction that was dissimilar from the subject's masonry exterior; comparables #2 and #3 were significantly older than the subject; and comparables #1 and #3 had unfinished basements that differed from the subject's finished basement. As a result, the appellant's comparables #1 through #3 received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the comparables submitted by the board of review. The Board finds these comparables were very similar to the subject in location, masonry construction, age, living area and full finished basements. These comparables had improvement assessments that ranged from \$37.24 to \$44.90 per square foot of living area. The subject's improvement assessment of \$42.50 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
