

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bill Engelking
DOCKET NO.: 15-25061.001-R-1
PARCEL NO.: 05-20-219-019-0000

The parties of record before the Property Tax Appeal Board are Bill Engelking, the appellant, by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,713
IMPR.: \$96,287
TOTAL: \$110,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame and masonry construction. The dwelling is approximately six years old and has 3,176 square feet of living area. Features of the home include a full finished basement, central air conditioning, a fireplace and a two-car garage. The property has a 10,350 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assigned neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of masonry construction. The dwellings are from six to thirteen years old. Three comparables have full finished basements, and another comparable has a full unfinished basement. Each comparable has central air conditioning, one or two fireplaces, and a

two-car garage. The appellant's grid analysis indicates the dwellings range in size from 3,199 to 3,372 square feet of living area, and their improvement assessments range from \$79,629 to \$88,346 or from \$23.65 to \$26.20 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$81,083 or \$25.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$114,710 was disclosed. The subject property has an improvement assessment of \$100,997 or \$31.80 per square foot of living area. The board of review presented descriptions and assessment information on four suggested comparable properties with the same assigned neighborhood and classification codes as the subject. Three of the comparables were described as being located one-quarter mile from the subject property. The comparables are improved with two-story dwellings of frame, masonry or frame and masonry construction. The dwellings are from four to nine years old. Three comparables have full finished basements, and another comparable has a full unfinished basement. Each comparable has central air conditioning, one or two fireplaces, and a two-car garage. The board of review's grid analysis indicates the dwellings range in size from 2,888 to 3,391 square feet of living area and their improvement assessments range from \$78,582 to \$98,576 or from \$26.75 to \$30.35 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

The appellant's attorney submitted a rebuttal brief contending the board of review evidence establishes lack of assessment equity.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds that all of the comparables submitted for this appeal had lower improvement assessments than the subject property. The Board also finds the appellant's comparable #2 and board of review comparable #3 have unfinished basements that were dissimilar from the subject. Consequently, these properties received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3 and #4 and board of review comparables #1, #2 and #4. The Board finds these six comparables were very similar to the subject in location, design, age, living area and features. These comparables had improvement assessments that ranged from \$23.65 to \$30.35 per square foot of living area. The subject's improvement assessment of \$100,997 or \$31.80 per square foot of living area falls above the range established by the best comparables in this record. Based on this record, the Board finds the appellant was able to demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
