

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Emanuel Kahana
DOCKET NO.: 15-25071.001-R-1
PARCEL NO.: 20-14-201-062-0000

The parties of record before the Property Tax Appeal Board are Emanuel Kahana, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,801
IMPR.: \$57,968
TOTAL: \$64,769

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of masonry exterior construction with 2,163 square feet of living area. The dwelling is approximately 49 years old. Features of the home include a full basement with finished area, central air conditioning and a fireplace. The property has a 2,061 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on five equity comparables located within the same neighborhood code as the subject property. The comparables were improved with one, two-story and four, three-story townhomes of masonry exterior construction that contained either 2,160 or 2,170 square feet of living area. The

dwelling are from 25 to 42 years old. The comparables have central air conditioning and four comparables have a one-car garage. The comparables had improvement assessments that ranged from \$36,188 to \$38,067 or from \$16.75 to \$17.54 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$37,480 or \$17.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,769. The subject property has an improvement assessment of \$57,968 or \$26.80 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood code, block and street as the subject property. The comparables were improved with two-story townhomes of masonry exterior construction with 2,163 square feet of living area. The dwellings are each 49 years old. Each comparable has a full basement with finished area, central air conditioning and a one-car garage. The comparables had improvement assessments that ranged from \$57,968 to \$62,303 or from \$26.80 to \$28.80 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables for their dissimilar three-story designs, considerably newer ages and/or different slab foundations.

The Board gave greater weight and finds the best evidence of assessment equity to be the board of review comparables which are located within the same block and street as the subject property. These comparables are identical to the subject in design, exterior construction, age, dwelling size and foundation. These comparables had improvement assessments of \$57,968 to \$62,303 or from \$26.80 to \$28.80 per square foot of living area. The subject's improvement assessment of \$57,968 or \$26.80 per square foot of living area is within the range established by the best comparables contained in this record. The Board recognizes all the comparables have garages unlike the subject; but the subject has a fireplace and no garage. Comparable #4 has both a garage and a fireplace, whereas comparables #1, #2 and #3 lack fireplaces but have a garage. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported by the comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
