

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Rokacz
DOCKET NO.: 15-25260.001-R-1
PARCEL NO.: 14-29-315-099-0000

The parties of record before the Property Tax Appeal Board are John Rokacz, the appellant, by attorney Katherine Amari O'Dell of Amari & Locallo in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,016
IMPR.: \$176,129
TOTAL: \$214,145

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry construction. The dwelling is approximately 16 years old and has 5,256 square feet of living area. Features of the home include a full finished basement, central air conditioning, two fireplaces and a two-car garage. The property has a 5,940 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assigned neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of frame or masonry construction. The dwellings are from 13 to 137 years old and contain from 5,098 to 5,505 square feet of living area. Two of the comparables

have full basements, and each has central air conditioning, one or two fireplaces, and garages, either two or three-car. The appellant's comparables have improvement assessments that range from \$103,577 to \$160,196 or from \$20.11 to \$29.10 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$105,698 or \$20.11 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$214,145 was disclosed. The subject property has an improvement assessment of \$176,129 or \$33.51 per square foot of living area. The board of review presented descriptions and assessment information on four suggested comparable properties with the same assigned neighborhood and classification codes as the subject. Three of the comparables were described as being located one-quarter mile from the subject property. The comparables are improved with two or three-story dwellings of masonry construction. The dwellings are from one to nine years old and contain from 5,100 to 5,588 square feet of living area. Each comparable has a full basement, three of which are finished; central air conditioning; and from two to four fireplaces. Two comparables have garages. The comparables have improvement assessments that range from \$188,919 to \$289,124 or from \$34.55 to \$51.74 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds that the appellant's comparables #2 and #4 and board of review comparables #2 through #4 were three-story dwellings that were dissimilar from the subject's two-story design; the appellant's comparable #3 was over 100 years older than the subject; and comparables #2 and #3 differed from the subject in foundation. Consequently, the appellant's comparables #2 through #4 and board of review comparables #2 through #4 received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and board of review comparable #1. The Board finds these comparables were very similar to the subject in location, design, exterior construction, age and foundation. These comparables had improvement assessments of \$20.11 and \$34.55 per square foot of living area. The subject's improvement assessment of \$33.51 per square foot of living area falls between the improvement assessments of the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
