

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ty Laurie  
DOCKET NO.: 15-25311.001-R-1  
PARCEL NO.: 14-29-309-040-0000

The parties of record before the Property Tax Appeal Board are Ty Laurie, the appellant, by attorney Katherine Amari O'Dell, of Amari & Locallo in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$19,840  
**IMPR.:** \$132,026  
**TOTAL:** \$151,866

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry construction. The dwelling is approximately 13 years old and has 3,136 square feet of living area. Features of the home include a full unfinished basement, central air conditioning and a two-car garage. The property has a 3,100 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assigned neighborhood and classification codes as the subject. The comparables are improved with two or three-story dwellings of masonry construction. The dwellings are from 12 to 23 years old. The appellant's grid analysis indicates the comparables have features similar to the

subject in varying degrees. The comparable dwellings range in size from 2,641 to 3,500 square feet of living area, and their improvement assessments range from \$97,717 to \$118,040 or from \$31.47 to \$37.00 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$98,689 or \$31.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$151,866 was disclosed. The subject property has an improvement assessment of \$132,026 or \$42.10 per square foot of living area. The board of review presented descriptions and assessment information on four suggested comparable properties with the same assigned neighborhood and classification codes as the subject. The comparables are improved with two-story dwellings of masonry construction. The dwellings are from eight to thirteen years old. The board of review's grid analysis indicates the comparables have features similar to the subject in varying degrees. The comparable dwellings range in size from 2,730 to 2,916 square feet of living area and their improvement assessments range from \$119,137 to \$201,496 or from \$43.64 to \$69.10 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of eight suggested comparables. The Board finds the appellant's comparables #1, #3 and #4 were older than the subject; comparables #1 and #3 differed from the subject in story height; and comparable #3 had a concrete slab foundation that was dissimilar from the subject's full unfinished basement. As a result, the appellant's comparables #1, #3 and #4 received reduced weight in the Board's analysis. The board of review comparable #4 also received reduced weight. The Board finds this comparable to be an outlier, due to its improvement assessment of \$69.10 per square foot of living area that was substantially higher than any other comparable in the record. The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and board of review comparables #1 through #3. The Board finds these comparables were very similar to the subject in location, story height, exterior construction, age, living area and foundation. These comparables had improvement assessments that ranged from \$36.98 to \$55.51 per square foot of living area. The subject's improvement assessment of \$42.10 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
