

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick Wells  
DOCKET NO.: 15-25337.001-R-1  
PARCEL NO.: 14-30-403-139-0000

The parties of record before the Property Tax Appeal Board are Patrick Wells, the appellant(s), by attorney John P. Brady, of Thomas M. Tully & Associates in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$24,038  
**IMPR.:** \$110,973  
**TOTAL:** \$135,011

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry construction with 3,162 square feet of living area. The dwelling is ten years old. Features of the home include a partial basement, central air conditioning, a fireplace and a two-car garage. The property has a 3,163 square foot site and is located in Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on January 1, 2011 for a price of \$1,149,000. The appellant also based his appeal on assessment inequity. In support of this contention, he submitted data on four equity comparables. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$112,251.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,011. The subject's assessment reflects a market value of \$1,350,110 or \$426.98 per square foot of living area, land included, when using the 2015 level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. The subject has an improvement assessment of \$110,973, or \$35.10 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable sales.

At hearing, the appellant stated the subject was purchased in January 2011 for a price of \$1,149,000. The board of review rested on the evidence previously submitted.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave little weight to the subject's sale due to the fact the sale did not occur proximate in time to the assessment date at issue. As such, the Board finds the appellant did not meet the burden of proving by a preponderance of the evidence that the subject is overvalued.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparable properties. These comparables had improvement assessments that ranged from \$35.17 to \$35.97 per square foot of living area. The subject's improvement assessment of \$35.10 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
