

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sean Duffy
DOCKET NO.: 15-26118.001-R-1
PARCEL NO.: 14-19-225-029-0000

The parties of record before the Property Tax Appeal Board are Sean Duffy, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,750
IMPR.: \$41,870
TOTAL: \$60,620

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,716 square feet of living area. The dwelling is approximately 117 years old. Features of the home include a full unfinished basement and a one-car detached garage. The property has a 3,750 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same neighborhood assessment code as the subject property. The comparables are improved with two-story dwellings of frame exterior construction that range in age from 107 to 127 years old. The comparables had features with varying degrees of similarity when compared to the

subject. The dwellings range in size from 1,712 to 1,806 square feet of living area and have improvement assessments ranging from \$38,760 to \$42,025 or from \$22.31 to \$24.49 per square foot of living area. The appellant requested the total assessment be reduced to \$57,034.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,038. The subject property has an improvement assessment of \$48,288 or \$28.14 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located outside the neighborhood assessment code of the subject property. The comparables are improved with two-story dwellings of frame exterior construction that range in age from 99 to 122 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,452 to 1,868 square feet of living area and have improvement assessments ranging from \$32,303 to \$48,678 or from \$17.71 to \$26.06 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant argued that the board of review's comparables "support the appellant's contention that the subject property is overassessed".

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted information on a total of eight suggested equity comparables for the Board's consideration. The Board gave less weight to the board of review's comparables due to their lack of proximity when compared to the subject property. The Board finds the appellant's comparables are more similar when compared to the subject in location, age, dwelling size, design, exterior construction and features. These comparables had improvement assessments ranging from \$22.31 to \$24.49 per square foot of living area. The subject's improvement assessment of \$28.14 per square foot of living area falls above the range established by the best comparables in this record. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
