FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jason Maleck
DOCKET NO.: 15-26332.001-R-1
PARCEL NO.: 14-17-408-020-1018

The parties of record before the Property Tax Appeal Board are Jason Maleck, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,523
IMPR.: \$16,156
TOTAL: \$18,679

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a condominium unit within a 101-year old, multi-story, 25-unit condominium building. The property is located in Lake View Township, Cook County and is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of the overvaluation argument, the appellant submitted evidence of the sale of 10 units within the subject's building. The units sold from May 2012 to November 2015 for a total amount of \$2,253,301. The appellant argues that the total should be reduced by 10% to account for personal property for an adjusted value of

\$2,027,971. The appellant then applies the percentage of ownership of these sales of 36.31% to arrive at a total value of the building. The subject's percentage of ownership, 3.01%, is then applied to this value to arrive at a value for the subject of \$168,113. The appellant then requests that a 9% level of assessment should be applied to this adjusted value.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,981. The subject's assessment reflects a market value of \$199,810 when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on six sale comparables from units within the subject's building. The units sold from May 2012 to September 2015 for a total amount of \$1,509,329. The board adjusted the sales down by 1% to account for personal property for an adjusted value of \$1,494,239. The board of review then applies the percentage of ownership of these sales of 23.08% to arrive at a total value of the building. The subject's percentage of ownership, 301%, is then applied to this value to arrive at a value for the subject of \$194,872. The board of review's comparables are also included in the appellant's evidence.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be appellant's comparables which are also included in the board of review's evidence. These units sold for a total of \$2,253,301. However, the Board gives no weight to the appellant's or board of review's adjustment for personal property as there is no evidence of this in the record. Therefore, the Board will apply the percentage of ownership of 36.31% to the unadjusted total to arrive at a value for the building of \$2,253,301. In applying the subject's percentage of ownership, the Board finds the subject has a value of \$186,793. The Board finds the appellant incorrectly listed the level of assessment. In applying the correct level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%, the Board finds the subject property is overvalued and a reduction is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
