

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jean Devries
DOCKET NO.: 15-27867.001-R-1
PARCEL NO.: 24-03-215-009-0000

The parties of record before the Property Tax Appeal Board are Jean Devries, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,600
IMPR.: \$4,000
TOTAL: \$5,600

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story, single-family dwelling of frame construction with 750 square feet of living area. The dwelling was constructed in 1951. The property has a 4,000 square foot site and is located in Hometown, Worth Township, Cook County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$57,000 as of September 6, 2014.

In addition, the appellant submitted a copy of the settlement statement confirming the sale of the subject on October 24, 2014 for \$56,000. The appellant's pleadings regarding Section IV-Recent Sale Data confirmed: the closing date; sale price; that the parties to the transaction were not related; and that the property was advertised for sale using a realtor on the MLS for one year. Lastly, the appellant also submitted 29 sale comparables which sold from November 2012 to

February 2016 for prices ranging from \$33,000 to \$62,000. In support of the sale comparables, the appellant submitted MLS sheets and copies of deeds. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,553. The subject's assessment reflects a market value of \$85,530 or \$114.04 per square foot of living area, land included, apply the 10% level of assessment as determined by the Cook County Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted four equity comparables and sale data for comparables #1 and #4.

In rebuttal, the appellant stated that the board of review's sale comparables are unadjusted raw sales data and the appraisal is the most credible evidence.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in October 2014 for a price of \$56,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction, including disclosing that the property was sold using a Realtor, and that it was advertised for sale on the open market with a listing on the MLS. In further support of the transaction, the appellant submitted a copy of the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Additionally, the appraisal submitted by the appellant were given diminished weight because "[a] contemporaneous sale between parties dealing at arm's length is not only relevant to the question of fair cash market value but would be practically conclusive on the issue of whether an assessment was at full value." Residential Real Estate Co. v. Prop. Tax Appeal Bd., 188 Ill.App.3d 232, 242 (5th Dist. 1989) (citing People ex rel. Korzen v. Belt Ry. Co. of Chicago, 37 Ill.2d 158 (1967)). Based on this record the Board finds the subject property had a market value of \$56,000 as of January 1, 2015. Since market value has been determined, the 10% level of assessment as determined by the Cook County Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
