

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 4802 N Seeley LLC  
DOCKET NO.: 15-27948.001-R-1  
PARCEL NO.: 14-07-324-041-0000

The parties of record before the Property Tax Appeal Board are 4802 N Seeley LLC, the appellant(s), by attorney Katherine Amari O'Dell, of Amari & Locallo in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,980  
**IMPR.:** \$23,677  
**TOTAL:** \$34,657

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame construction with 1,936 square feet of living area. The dwelling is 122 years old. The property has a 3,050 square foot site and is located in Lakeview Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables.

The appellant's appeal is also based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on March 4, 2011 for a price of \$265,000, or \$136.88 per square foot, including land. The property was sold using a Realtor.

In support of this argument the appellant submitted a settlement statement. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$26,500.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,657. The subject property has an improvement assessment of \$23,677 or \$12.23 per square foot of living area. The subject's assessment reflects a market value of \$346,570, or \$179.01 per square foot, including land, when applying the 10% level of assessment as determined by the Cook County Real Property Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, two of which reflected sale data. Based on this evidence, the board requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's equity comparables #2 and #3, as well as comparable #2 submitted by the board of review, as they are most similar to the subject in size, design, location, and amenities. These comparables had improvement assessments that ranged from \$9.27 to \$19.17 per square foot of living area. The subject's improvement assessment of \$12.23 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified on this basis

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gives no weight to the sale as the sale date is too far removed from the lien date to be meaningful in determining the subject's market value as of January 1, 2015. Additionally, the board of review only provided two recent sales for the Board's review. Based on the evidence contained in this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
