

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pam Markfield
DOCKET NO.: 15-28050.001-R-1
PARCEL NO.: 14-18-302-007-0000

The parties of record before the Property Tax Appeal Board are Pam Markfield, the appellant(s), by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,856
IMPR.: \$36,644
TOTAL: \$58,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property contains two improvements on one parcel. Improvement #1 is a two and one-half story, two-unit apartment building of frame construction in the front of the parcel. Improvement #2 is a two-story, two-unit coach house apartment building of frame construction in the rear of the parcel. The improvements were constructed in 1889. The record did not disclose the living area sizes for each improvement. The property has a 5,204 square foot site located in Lake View Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$585,000

as of January 1, 2016. The appraisal disclosed the total living area size for the two improvements was 4,194 square feet. The appellant's evidence did not break-out the living area size for each improvement. However, the five sale comparable properties cited by the appraisal for development of the sales comparison approach to valuation were properties with a front house and a rear coach house. The appellant requested a total assessment reduction to the 2015 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,300. The subject's assessment reflects a market value of \$683,000 when applying the 2015 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on eight unadjusted suggested sale comparables.

In rebuttal, the appellant argued that the comparables submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics and were based on raw, unadjusted sales data. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

Although the record did not disclose the living area sizes of the two improvements, the appraisal valued the whole subject. The appraisal's sales comparison approach was developed with five comparable properties that, like the subject, consisted of a front house and a rear coach house. These sale comparable properties were adjusted for various key property characteristics. The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the subject property had a market value of \$585,000 as of the assessment date at issue. Since market value has been established, the 2015 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
