

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Hollis
DOCKET NO.: 15-28052.001-R-1
PARCEL NO.: 24-17-305-025-0000

The parties of record before the Property Tax Appeal Board are Mary Hollis, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,420
IMPR.: \$2,680
TOTAL: \$18,100

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of frame and masonry construction. The dwelling is 52 years old. Features of the home include a partial basement, central air conditioning, and a two-car garage. The property has a 6,700 square foot site and is located in Worth Township, Cook County. The property is a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables. The Board notes the appellant did not submit the comparables' dwelling square footage. The appellant also stated the subject has less square footage of living area than indicated by the assessor. The appellant contends the subject has 1,080 square feet of living area. In support of this statement, the appellant submitted a plat of survey, an affidavit of title, a trustee's deed, a Housing and Urban Development form.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,100. The subject property has an improvement assessment of \$15,420 or \$9.28 per square foot of living area, using 1,661 square feet of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables and sale information for the subject and comparable #3.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the plat of survey submitted by the appellant supports the board of review's 1,661 square footage of living area. The plat of survey indicates the footprint of the subject improvement is approximately 64 feet by 24 feet. The plat of survey also indicates the subject is a split-level property. After making adjustments to account for the subject's two-car garage and split-level style, the Board finds the subject contains 1,661 square feet of living area.

The Board finds the best evidence of assessment equity to be the board of review comparables. The Board notes that the appellant's comparable ##3 is the same property as the board of review's comparable #1. These comparables had improvement assessments that ranged from \$9.96 to \$10.47 per square foot of living area. The subject's improvement assessment of \$9.28 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
