

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Harris
DOCKET NO.: 15-28911.001-R-1
PARCEL NO.: 04-09-308-003-0000

The parties of record before the Property Tax Appeal Board are Robert Harris, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,053
IMPR.: \$53,983
TOTAL: \$61,036

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,918 square feet of living area. The dwelling is approximately 13 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 7,425 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on five equity comparables three of which are located within the same neighborhood code as the subject property. The comparables were improved with one, "1.5-1.9 story" dwelling¹ and four,

¹ The appellant describes the subject as a "1.5-1.9 story" dwelling.

two-story dwellings of frame, masonry or frame and masonry exterior construction that ranged in size from 2,643 to 3,024 square feet of living area. The dwellings are from 10 to 25 years old. Features had varying degrees of similarity when compared to the subject property. The comparables had improvement assessments that ranged from \$29,326 to \$48,332 or from \$15.41 to \$16.70 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$45,812 or \$15.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$61,036. The subject property has an improvement assessment of \$53,983 or \$18.50 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same neighborhood code and on the same street as the subject property. The comparables were improved with two-story dwellings of masonry exterior construction that ranged in size from 2,463 to 2,966 square feet of living area. The dwellings are 7 or 10 years old. Features had varying degrees of similarity when compared to the subject property. The comparables had improvement assessments that ranged from \$49,577 to \$58,869 or from \$19.38 to \$21.63 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable #5 along with the board of review comparables #1 and #3. These comparables are most similar to the subject in location, design, exterior construction, age, dwelling size and features. The Board gave greater weight to the board of review comparables #1 and #3 which are located in the same neighborhood code and street as the subject property. These comparables had improvement assessments that ranged from \$44,128 to \$58,869 or from \$16.70 to \$21.63 per square foot of living area. The subject's improvement assessment of \$53,983 or \$18.50 per square foot of living area is within the range of the best comparables contained in this record. The Board gave less weight to both parties' remaining comparables due to their different neighborhood codes, dissimilar design, older age and/or considerably smaller dwelling size when compared to the subject property. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
