

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andriy Kavatsyuk  
DOCKET NO.: 15-28991.001-R-1  
PARCEL NO.: 20-29-218-004-0000

The parties of record before the Property Tax Appeal Board are Andriy Kavatsyuk, the appellant, by attorney Katherine Amari O'Dell of Amari & Locallo in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 252  
**IMPR.:** \$1,148  
**TOTAL:** \$1,400

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a multi-level dwelling of masonry construction. The dwelling is approximately 45 years old and has 1,040 square feet of living area. Features of the home include a partial finished basement and central air conditioning. The property has a 3,125 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on June 3, 2013, for a price of \$14,000. In Section IV – Recent Sale Data of the residential appeal form, the appellant stated the property was purchased from a bank; the parties to the transaction were not related; the property was sold by a realtor; the property had been advertised for sale with the multiple listing service;

the property was on the market for 17 days prior to its sale, and the property sold in settlement of a foreclosure. To document the transaction, the appellant submitted copies of the special warranty deed and a signed affidavit from the appellant, dated November 9, 2015. In the affidavit, the appellant stated that the subject property was purchased on June 3, 2013 at a price of \$14,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,131. The subject's assessment reflects a market value of \$109,557 or \$105.34 per square foot of living area, land included, when using the 2015 three-year average median level of assessment for class 2 property of 10.16% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value in the record to be the purchase of the subject property in June 2013 for a price of \$14,000. The appellant provided evidence demonstrating the sale had some of the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the residential appeal form disclosing the parties to the transaction were not related, the property was sold using a realtor, the property had been advertised on the open market with the multiple listing service, and the appellant stated the property was on the market for 17 days prior to its sale. The Board finds the purchase price is below the market value reflected by the assessment.

The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board finds that a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
