

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Greenside Properties LLC Pinehurst Series
DOCKET NO.: 15-29023.001-R-1
PARCEL NO.: 25-29-115-001-0000

The parties of record before the Property Tax Appeal Board are Greenside Properties LLC Pinehurst Series, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,625
IMPR.: \$1,075
TOTAL: \$3,700

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 727 square feet of living area. The dwelling is approximately 68 years old. Features of the home include a full finished basement and a two-car detached garage. The property has a 5,250 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant disclosed the subject sold July 30, 2012 for a price of \$22,000 and had been advertised for sale as set forth in Section IV-Recent Sale Data of the appeal petition. To document the sale, the appellant submitted a copy of the Settlement Statement revealing the amount of Broker's Fees paid at settlement. The appellant spent \$15,000 to renovate prior to occupying.

The appellant also submitted four comparable sales located within the same neighborhood assessment code as the subject property. The comparables consist of one-story dwellings that are 67 and 68 years old. The dwellings had features with varying degrees of similarity when compared to the subject. The dwellings contain 727 and 734 square feet of living area and are situated on sites that each contain 5,250 square feet of land area. The comparables sold from March 2014 to October 2015 for prices ranging from \$21,777 to \$29,100 or from \$29.95 to \$40.03 per square foot of living area including land. Based on this evidence, the appellant requested the total assessment be reduced to \$2,180.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,023. The subject's assessment reflects a market value of \$90,230 or \$124.11 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. In support of the subject's assessment, the board of review submitted information on three equity comparables¹ located within the same neighborhood assessment code as the subject property. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant argued the board of review's comparables should be given no weight because the comparables lacked sales data.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value in the record to be the appellant's comparables. These properties sold proximate in time to the January 1, 2015 assessment date at issue and were similar to the subject in location, age, dwelling design, size and features. The comparables sold for prices ranging from \$21,777 to \$29,100 or from \$29.95 to \$40.03 per square foot of living area, including land. The subject's total assessment reflects a market value of \$90,230 or \$124.11 per square foot of living area, including land which falls above the best comparables established in this record. The Board gave little weight to the appellant's sale. The Board finds the July 2012 sale date not proximate in time to the January 1, 2015 assessment date. Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

¹ The board of review included a grid analysis of three equity comparables which will not be further addressed on this record as the Board finds equity data is not responsive to the appellant's market value argument.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
