

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Greenside Properties, LLC
DOCKET NO.: 15-29026.001-R-1
PARCEL NO.: 20-29-203-003-0000

The parties of record before the Property Tax Appeal Board are Greenside Properties, LLC, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,031
IMPR.: \$569
TOTAL: \$2,600

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story apartment building of masonry exterior construction with 2,160 square feet of living area. The building is approximately 102 years old. Features of the building include a full finished basement and a two-car detached garage. The property has a 3,125 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant disclosed the subject sold June 24, 2014 for a price of \$24,000. To document the sale, the appellant submitted a copy of the Settlement Statement revealing the amount of Broker's Fees paid at settlement.

The appellant also submitted four comparable sales located within the same neighborhood assessment code as the subject property. The comparables consist of two-story apartment buildings that range in age from 97 to 103 years old. The buildings had features with varying degrees of similarity when compared to the subject. The buildings range in size from 2,157 to 2,312 square feet of living area and are situated on sites ranging from 3,430 to 5,000 square feet of land area. The comparables sold from June 2013 to June 2015 for prices ranging from \$24,000 to \$55,000 or from \$10.81 to \$23.79 per square foot of living area including land. Based on this evidence, the appellant requested the total assessment be reduced to \$2,330.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,721. The subject's assessment reflects a market value of \$97,210 or \$45.00 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. In support of the subject's assessment, the board of review submitted information on four equity comparables¹ located within the same neighborhood assessment code as the subject property. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant argued the board of review's comparables should be given no weight because the comparables lacked sales data.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value in the record to be the appellant's comparables #1 and #2. These properties sold proximate in time to the January 1, 2015 assessment date at issue and were similar to the subject in location, age, dwelling design, size, exterior construction and features. The comparables sold for prices of \$24,000 and \$26,000 or \$10.81 and \$11.98 per square foot of living area, including land. The subject's total assessment reflects a market value of \$97,210 or \$45.00 per square foot of living area, including land which falls above the best comparables established in this record. The Board gave little weight to the appellant's sale. The appellant submitted a copy of the Settlement Statement and a copy of Section IV-Recent Sale Data of the appeal, but failed to disclose the length of market exposure, which is an important element in determining whether an arm's length transaction occurred. The Board also gave less weight to the appellant's comparables #3 and #4 to their June 2013 sale dates which are not proximate in time to the January 1, 2015 assessment date. Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

¹ The board of review included a grid analysis of four equity comparables which will not be further addressed on this record as the Board finds equity data is not responsive to the appellant's market value argument.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
