

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Craig & Anthea Hogan
DOCKET NO.: 15-30120.001-R-1
PARCEL NO.: 20-14-112-021-0000

The parties of record before the Property Tax Appeal Board are Craig & Anthea Hogan, the appellants, by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,153
IMPR.: \$50,845
TOTAL: \$63,998

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction. The dwelling is approximately 46 years old and has 2,485 square feet of living area. Features of the home include a full finished basement, central air conditioning, a fireplace and a one and one-half car garage. The property has a 3,986 square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity as the basis of the appeal. In support of this argument, the appellants submitted information on three equity comparables with the same assigned neighborhood and classification codes as the subject. The comparables are improved with three-story dwellings of masonry construction. The dwellings are from 21 to 44 years old. Each comparable has a full finished basement, and two comparables have central air conditioning, a fireplace, and a one-car garage. The appellants' grid analysis indicates the

dwelling have either 2,362 or 2,560 square feet of living area, and their improvement assessments range from \$27,878 to \$33,273 or from \$11.80 to \$13.00 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment to \$31,311 or \$12.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$63,998 was disclosed. The subject property has an improvement assessment of \$50,845 or \$20.46 per square foot of living area. The board of review presented descriptions and assessment information on three suggested comparable properties with the same assigned neighborhood and classification codes as the subject. One of the comparables was described as being located in the same block the subject property, and its street address and parcel index number indicates this property is located next door to the subject. The comparables are improved with two-story dwellings of masonry construction that are either 46 or 49 years old. Each comparable has a full finished basement, central air conditioning and a garage, either one-car or one and one-half car. One of the comparables has a fireplace. The board of review's grid analysis indicates the dwellings range in size from 2,163 to 2,485 square feet of living area and their improvement assessments range from \$50,881 to \$61,261 or from \$20.48 to \$28.32 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

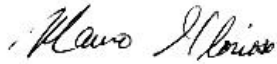

The appellants' attorney submitted a rebuttal brief.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties presented assessment data on a total of six suggested comparables. The Board finds the appellants' comparables were three-story dwellings that differed from the subject in story height and the appellants' comparables #2 and #3 were significantly newer than the subject. Due to these differences, the appellants' comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be board of review comparable #1. This comparable was located next door to the subject and was identical to the subject in all other characteristics. As further support, board of review comparables #2 and #3 were very similar to the subject in location, story height, exterior construction, age and features like central air conditioning and full finished basements, and they were also similar in living area. The board of review comparables had improvement assessments that ranged from \$20.48 to \$28.32 per square foot of living area. The subject's improvement assessment of \$20.46 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
