

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Request Realty LLC
DOCKET NO.: 15-30250.001-R-1
PARCEL NO.: 20-27-403-016-0000

The parties of record before the Property Tax Appeal Board are Request Realty LLC, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,410
IMPR.: \$783
TOTAL: \$4,193

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,553 square feet of living area. The dwelling is approximately 102 years old. Features of the home include a full unfinished basement. The property has a 3,100-square foot site and is located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted four comparables sales located within the same neighborhood code as the subject property. The comparables consist of one, 1-story and three, 1.5-story dwellings that range in age from 91 to 101 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,434 to 1,656 square feet of living area and are situated on sites ranging in size from 3,100 to 4,092 square feet of land

area. The comparables sold from May to October of 2014 for prices ranging from \$32,000 to \$45,000 or from \$21.16 to \$27.68 per square foot of living area including land. The appellant requested the subject's assessment be reduced to \$3,790.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,302. The subject's assessment reflects a market value of \$83,020 or \$53.46 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of the subject's assessment, the board of review submitted information on eight comparables located within the same neighborhood code as the subject property. The comparables consist of seven, 1-story and one, 1.5-story dwellings that range in age from 92 to 117 years old. The comparables had features with varying degrees of similarity when compared to the subject. The dwellings range in size from 1,012 to 1,663 square feet of living area and are situated on sites ranging in size from 3,050 to 6,440 square feet of land area. The comparables sold from February 2014 to November 2015 for prices ranging from \$115,000 to \$238,000 or from \$94.57 to \$157.11 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel critiqued the board of review's submission.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's comparables #1, #2 and #4. These properties sold proximate in time to the January 1, 2015 assessment date at issue and were similar to the subject location, age, size, dwelling design, exterior construction and features. The comparables sold for prices ranging from \$32,000 to \$45,000 or from \$21.16 to \$27.68 per square foot of living area, including land. The subject's total assessment reflects a market value of \$83,020 or \$53.46 per square foot of living area, including land which falls above the range established by the best comparables in this record. The Board gave less weight to the appellant's comparable #3 and the board of review's comparables #1 through #3 and #5 through #8 due to their difference in dwelling design when compared to the subject property. The Board also gave less weight to the remaining board of review comparable due to its concrete slab foundation when compared to the subject's full unfinished basement. Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
