

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Muhammad Jalaluddin
DOCKET NO.: 15-30981.001-R-1
PARCEL NO.: 17-22-304-073-0000

The parties of record before the Property Tax Appeal Board are Muhammad Jalaluddin, the appellant(s), by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,061
IMPR.: \$ 60,046
TOTAL: \$ 66,107

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a three-story dwelling of masonry construction with 2,017 square feet of living area. The dwelling is 10 years old. Features of the home include a slab, central air conditioning, and a two-car garage. The property has a 638 square foot site, and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance. No evidence was submitted as to whether the subject was owner occupied.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables.

The appellant also contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on July 29, 2014 for a price of \$580,000, or \$287.56 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment to 10.00% of the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,107. The subject property has an improvement assessment of \$60,046, or \$29.77 per square foot of living area. The subject's assessment reflects a market value of \$661,070, or \$327.75 per square foot of living area, including land, when applying the 2015 statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00%.

In support of its contention of the correct assessment, the board of review submitted eight equity comparables and six sale comparables. The board of review's evidence also states that the subject was purchased in July 2014 for \$580,000. The board of review also submitted a supplemental brief arguing that the sale of the subject was a compulsory sale, and therefore, the sale was not an arm's length transaction and the sale price does not represent the subject's fair cash value. In support of this argument, the board of review submitted a printout from the Cook County Recorder of Deeds' website showing that a *lis pendens* was filed on the subject by Capital One Bank against Yvette Buford on December 13, 2013, and that Yvette Buford conveyed the subject to Ova Laura Abdurachman via a warranty deed filed on August 8, 2014.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the sale of the subject in July 2014 for \$580,000 was a "compulsory sale." A "compulsory sale" is defined as:

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. The Board finds that the sale of the subject in July 2014 is a compulsory sale, in the form of a short sale, based on the printout from the Cook County Recorder of Deeds' website, which was submitted by the board of review, and shows that a *lis pendens* was filed on the subject by a financial institution immediately preceding the sale of the subject in July 2014.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 2012 IL App (2d) 100068, ¶ 36 (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill.App.3d 207, 211 (2d Dist. 1979)).

However, the Illinois General Assembly recently provided very clear guidance for the Board with regards to compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

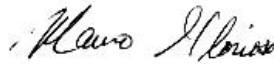

35 ILCS 200/16-183. Therefore, the Board is statutorily required to consider the compulsory sales of comparable properties submitted by the parties to revise and/or correct the subject's assessment. In this appeal, the board of review submitted information on six comparable sales. The Board finds board of review comparables #3, #7, and #8 to be most similar to the subject. These comparables sold for prices ranging from \$327.03 to \$364.24 per square foot of living area, including land. The subject's sale price reflects a market value of \$287.56 per square foot of living area, including land, which is below the range established by the best comparables in this record. Moreover, the subject's current assessment reflects a market value of \$327.75 per square foot of living area, including land, which is within this range. Therefore, the Board finds that the sale of the subject in July 2014 for \$580,000 was below the subject's fair cash value. Since there is no evidence that the sale price of the subject was at its fair cash value, the Board finds that the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction is not warranted based on the appellant's market value argument.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2, #3, #4, and #5, and board of review comparables #1, #2, #3, #4, #7, and #8. These comparables had improvement assessments that ranged from \$20.24 to \$31.46 per square foot of living area. The

subject's assessment of \$29.77 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
