

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 1415 Beach Wood, LLC  
DOCKET NO.: 15-31185.001-R-1  
PARCEL NO.: 17-06-213-009-0000

The parties of record before the Property Tax Appeal Board are 1415 Beach Wood, LLC, the appellant(s), by attorney Scott Shudnow, of Shudnow & Shudnow, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 7,200  
**IMPR.:** \$37,800  
**TOTAL:** \$45,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 112-year-old, two-story, mixed-use building of masonry construction with 3,163 square feet of building area. The property has a 2,400 square foot site and is located in West Chicago Township, Cook County. The property is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal, prepared by Arthur Murphy, estimating the subject property had a market value of \$410,000 as of January 1, 2015. The appellant also submitted evidence that the subject sold in July, 2015 and then again in January, 2016. Appellant's evidence indicates that the parties to the 2015 transaction signed a contract for the purchase of the subject's real estate for \$450,000, and the stock value of the business for \$415,000. Appellant's

evidence also indicates that the 2016 sale is for \$890,000 and that includes both the real estate and business stock.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,745. The subject's assessment reflects a market value of \$887,450 when applying the 2015 level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables with sales data on one of those properties. In addition, the board of review's comparable sale grid reflects the sale of the subject in 2015 for \$450,000.

In written rebuttal, appellant's attorney argued the appraisal is the best evidence of market value in the record. Counsel argued the board of review's comparables should be given no weight because they are not adjusted. In addition, counsel for the appellant distinguished the board of review's comparables from the subject property.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the appellant's appraisal failed to provide a sufficient explanation to account for the difference of appraised value versus sale price. Therefore, the Board finds the best evidence of market value to be the purchase of the subject property in July, 2015 for a price of \$450,000. The appellant provided evidence demonstrating the sale of the subject. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction. Based on this record the Board finds the subject property had a market value of \$450,000 as of January 1, 2015. Since market value has been determined the 2015 level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
