

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nasrullah Khan
DOCKET NO.: 15-31249.001-R-1
PARCEL NO.: 13-01-215-019-0000

The parties of record before the Property Tax Appeal Board are Nasrullah Khan, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,320
IMPR.: \$40,375
TOTAL: \$44,695

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story mixed-use building of masonry exterior construction with 4,600 square feet of building area. The building is approximately 87 years old. Features of the building include a partial unfinished basement and a 1.5-car garage. The property has a 2,700 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-12 mixed-use property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends improvement assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument, the appellant submitted information on five equity comparables, two of which are located within the same neighborhood code as the subject property. The comparables were improved with two-story or three-story mixed-use buildings of masonry exterior construction containing from 4,098 to 4,635 square feet

of building area.¹ The comparables range in age from 82 to 109 years old and have partial or full unfinished basements. One comparable has a two-car garage. Other features had varying degrees of similarity when compared to the subject. The comparables had improvement assessments ranging from \$9,166 to \$33,673 or from \$6.63 to \$7.26 per square foot of building area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$31,772 or \$6.91 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,695. The subject property has an improvement assessment of \$40,375 or \$8.78 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables were improved with two-story mixed-use buildings of masonry exterior construction containing from 3,802 to 4,700 square foot of building area. The comparables range in age from 84 to 91 years old. Three comparables have partial unfinished basements. One comparable has a 1.5-car garage. Other features had varying degrees of similarity when compared to the subject. The comparables had improvement assessments ranging from \$34,304 to \$41,777 or from \$8.89 to \$9.02 per square foot of building area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3, #4 and #5 along with the board of review comparables #3 and #4. These comparables are most similar to the subject in design, exterior construction, age, building size, foundation, and features. These comparables had improvement assessments that ranged from \$6.68 to \$8.99 per square foot of building area. The subject's improvement assessment of \$8.78 per square foot of building area is within the range of the most similar comparables contained in this record. The Board gave less weight to the appellant's comparables #1 due to its considerably older age and the board of review comparables #1 and #2 due to their significantly smaller building size and or/lack of a basement when compared to the subject. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record the Board finds the appellant did not

¹ In the appellant's Comparable Sales/Assessment Grid Analysis the same property, identified as PIN 13-01-423-032-0000, was presented for both comparables #2 and #3, and a different property, identified as PIN 13-26-216-070-0000, was presented for comparable #3 in the appellant's "Basis of Brief" property detailed listing. The PIN 13-26-216-070-0000, as reported in the "Basis of Brief" evidence for comparable #4 was included in the appellant's appeal with an improvement assessment of \$31,773 or \$6.91 per square foot of building area and a total assessment of \$35,798.

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
