

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Preston Bowie
DOCKET NO.: 15-31682.001-R-1
PARCEL NO.: 29-10-235-028-0000

The parties of record before the Property Tax Appeal Board are Preston Bowie, the appellant(s), by attorney Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,901
IMPR.: \$7,345
TOTAL: \$9,246

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a 42 year-old, single-family dwelling of frame and masonry construction containing 1,058 square feet of living area. The property has a 5,850 square foot site located in Thornton Township, Cook County. The property is a Class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was purchased from Sherry L. McAdoo on July 2, 2013 for \$34,000. The subject's sale price reflects a market value of \$32.14 per square foot of living area including land. In support of the sale, the appellant submitted a copy of the settlement statement, property history report, and the Multiple Listing Service (MLS) listing sheet. The appellant included information in Section IV–Recent Sale Data of the Residential Appeal that the subject was not sold as a transfer between related parties, the seller's

mortgage was not assumed, and was advertised and sold through a realtor listed on the Multiple Listing Service. The Multiple Listing Service (MLS) listing sheet indicated that the subject had been listed on the open market for 57 days and was a short sale. In addition, the appellant submitted information on eight suggested sale comparables which sold from May 2014 to January 2015 for prices ranging from \$26,900 to \$41,000 or \$23.58 to \$38.61 per square feet of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when using the 2015 level of assessment of 10.00% for Class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,246. The subject's assessment reflects a market value of \$92,460 or \$87.39 per square foot of living area, when using the 2015 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on three suggested comparable sales. In addition, the board of review submitted a brief stating that due to appellant's adjustments to sale comparables and opinion of value, and the Order by the Illinois Department of Financial and Professional Regulation fining appellant for such action, the appellant's evidence should be dismissed. Lastly, the board of review submitted a brief stating that two *lis pendens* foreclosures were placed on the subject on June 22, 2012 and thus making the subject's sale not an arm's length transaction or at fair cash value. In support of the *lis pendens*, the board of review submitted a property search by the recorder of deeds.

In rebuttal, the appellant stated that the best comparables in the record are the appellant's comparables #2-#8 and the board of review's comparables. The appellant reaffirmed the request for an assessment reduction. Lastly, the appellant states that it is not in the Board's purview to enforce an Order by the Illinois Department of Financial and Professional Regulation and that the Board has previously addressed this issue by allowing the raw sales data into evidence.

At hearing, the board of review objected to the appellant's "Property Equalization Values" grid on the grounds that it was inadmissible hearsay evidence without the person who prepared that grid present at hearing and subject to cross-examination under oath. In response, the appellant's attorney agreed to withdraw the "Property Equalization Values" grid evidence. The Board allowed appellant's withdrawal of the "Property Equalization Values" grid but held that it may consider the appellant's raw, unadjusted sale data reflected on the sales grid. The board of review, with no objection from the appellant, withdrew its brief and order/exhibits submitted in their Notes on Appeal. The appellant confirmed that the subject's sale was a short sale. The appellant reaffirmed the request for an assessment reduction. The board of review's analyst testified that since the subject is a foreclosure sale, it is not at fair cash value and sale comparables are the best evidence to determine fair cash value.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or

construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

In addressing the appellant's market value argument, the Board finds that the sale of the subject in July 2013 for \$34,000 or \$32.14 per square feet of living area is a "compulsory sale." The hearing testimony confirmed it was a short sale. A "compulsory sale" is defined as:

(i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Board of Educ. of Meridian Community Unit School Dist. No. 223 v. Illinois Property Tax Appeal Board, 961 N.E.2d 794, 802, 356 Ill.Dec. 405, 413 (2d Dist. 2011) citing Chrysler Corp. v. Illinois Property Tax Appeal Board, 69 Ill.App.3d 207, 211 387 N.E.2d 351 (2d Dist. 1979)).

However, the Illinois General Assembly recently provided very clear guidance for the Board with regards to compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of the comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183. Therefore, the Board is statutorily required to consider the compulsory sale of comparable properties submitted by the parties to revise and/or correct the subject's assessment.

The evidence submitted disclosed the subject's sale was a compulsory sale. In determining the fair market value of the subject property, the Board looks to the evidence presented by the parties. The Board finds the best evidence of market value to be the appellant's comparables and the board of review's comparables. These comparables are similar in size, age, location, and sale date. These comparables sold for prices ranging from \$23.58 to \$91.31 per square foot of living area, including land. The subject's sale price of \$32.14 per square foot of living area including land is within the range established by the best comparable sales in this record. Therefore, the Board finds that the sale of the subject in July 2013 for \$34,000 was at the subject's fair market

value, and that this sale represents the best evidence of market value for the subject. In further support of the transaction, the appellant submitted the printout from the MLS and the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. Based on this record the Board finds the subject property had a market value of \$34,000 as of January 1, 2015. Since market value has been determined the 2015 statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
