

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sun Group, LLC
DOCKET NO.: 15-32127.001-R-1
PARCEL NO.: 13-09-425-018-0000

The parties of record before the Property Tax Appeal Board are Sun Group, LLC, the appellant(s), by attorney Anne E. Larsen, of the Law Offices of Frank A. Edelman, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,142
IMPR.: \$ 12,968
TOTAL: \$ 19,110

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a one and one-half-story dwelling of frame and masonry construction with 1,382 square feet of living area. The dwelling is 95 years old. Features of the home include a full finished basement and a two-car garage. The property has a 4,725 square foot site, and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance. The subject is owned by a business entity, and, therefore, it is not owner occupied.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on September 15, 2015 for a price of \$191,100. The appellant also submitted evidence of the subject's vacancy for tax year 2015. This evidence included an affidavit stating that the subject was 100.00% vacant

for the entirety of tax year 2015, and three color photographs of the interior of the subject, which show several portions of the wall and ceiling are missing. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$8,736.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,817. The subject's assessment reflects a market value of \$268,170, or \$194.04 per square foot of living area, including land when applying the 2015 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, and four sale comparables. These comparables sold between March 2013 and September 2015 for prices ranging from \$274,000 to \$379,000, or \$196.28 to \$289.76 per square foot of living area, including land. The board of review's evidence also states that the subject was purchased in September 2015 for \$191,100.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the undisputed purchase of the subject property in September 2015 for a price of \$191,100. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction, including disclosing that the parties to the transaction were not related, that the property was sold using brokers, and that it was advertised for sale on the open market with a listing on the MLS for approximately 109 days. In further support of the transaction, the appellant submitted the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction. However, the Board is not persuaded that subject's assessment should be reduced further based upon the appellant's vacancy argument. The Board finds that the condition of the subject was known by the appellant when the subject was purchased, and that the alleged subpar condition of the subject's interior was a part of the negotiated, arm's-length sale price of \$191,100. Based on this record the Board finds the subject property had a market value of \$191,100 as of January 1, 2015. Since market value has been determined the 2015 statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification ordinance of 10.00% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
