

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Romualdo Camarena
DOCKET NO.: 15-32342.001-R-1
PARCEL NO.: 16-25-105-031-0000

The parties of record before the Property Tax Appeal Board are Romualdo Camarena, the appellant(s), by attorney Alan D. Skidelsky, of Skidelsky & Associates, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,255
IMPR.: \$27,332
TOTAL: \$30,587

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two improvements on one parcel of land. Improvement #1 is a two-story, mixed-use building of masonry construction with 1,200 square feet of living area. The dwelling is 119 years old. Improvement #2 is a two-story, masonry, mixed-use building with 3,616 square feet of living area. The property is located in West Chicago Township, Cook County. Both improvements are classified as Class 2-12 property under the Cook County Real Property Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables, each of which had one improvement on one parcel of land. Additionally, the appellant failed to distinguish each improvement value per square foot of living area for Improvement #1 and Improvement #2 and combined the square footage for both improvements in their analysis.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's total assessment of \$37,202 was disclosed. Improvement #1 has an improvement assessment of \$11,060 or \$9.22 per square foot of living area. Improvement #2 has an improvement assessment of \$22,887 or \$6.33 per square foot of living area. In support of the subject's assessment for Improvement #1, the board of review submitted descriptive and assessment information for four properties suggested as comparable to the subject. In support of the subject's assessment for Improvement #2, the board of review failed to submit any comparable properties.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity for Improvement #1 to be the appellant's comparables #1 and #2, as well as the board of review's comparables #1 through #3, as they are most similar in size, location and amenities to the subject property. These comparables had improvement assessments that ranged from \$9.97 to \$13.41 per square foot of living area. Improvement #1's improvement assessment of \$9.22 per square foot of living area falls below the range established by the best comparables in this record.

The Board finds the best evidence of assessment equity for Improvement #2 to be the board of review's comparables #2 through #4, as they are most similar in size, location and amenities to the subject property. These comparables had improvement assessments that ranged from \$3.70 to \$3.96 per square foot of living area. Improvement #2's improvement assessment of \$6.33 per square foot of living area falls above the range established by the best comparables in this record. After making adjustments for differences between these comparables and the subject property, the Board finds that an assessment reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(b) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(b)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
