

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Kozloff  
DOCKET NO.: 15-32378.001-R-1  
PARCEL NO.: 17-22-309-079-0000

The parties of record before the Property Tax Appeal Board are Mark Kozloff, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$20,957  
**IMPR.:** \$151,841  
**TOTAL:** \$172,798

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story townhome of masonry exterior construction with 3,264 square feet of living area. The dwelling is approximately 12 years old. Features of the home include a partial basement with finished area, central air conditioning, a fireplace and a two-car garage. The property has a 2,206 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on five equity comparables located within the same neighborhood code as the subject property. The comparables were improved with three-story townhomes of stucco or masonry exterior

construction that ranged in size from 2,812 to 3,180 square feet of living area.<sup>1</sup> The dwellings range in age from 8 to 24 years old. Other features had varying degrees of similarity when compared to the subject property. The comparables had improvement assessments that ranged from \$65,723 to \$77,910 or from \$23.33 to \$26.17 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$79,948 or \$24.49 per square foot of living area.

The board of review submitted its "Board of Review - Notes on Appeal" disclosing the total assessment for the subject of \$172,798. The subject property has an improvement assessment of \$151,841 or \$46.52 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood code, same block and street as the subject property. The comparables were improved with three-story townhomes of masonry exterior construction that range in size from 3,067 to 3,320 square feet of living area. The dwellings are each 12 years old. Three comparables have partial basements with finished areas. Other features had varying degrees of similarity when compared to the subject property. The comparables had improvement assessments that ranged from \$143,536 to \$159,566 or from \$46.80 to \$49.79 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave greater weight and finds the best evidence of assessment equity to be the board of review comparables #1, #3 and #4 which are located within the same neighborhood code, same block and street as the subject property. These comparables are identical to the subject in design, exterior construction, age, foundation and features and similar to the subject in dwelling size. These comparables had improvement assessments of \$143,536 to \$159,566 or from \$46.80 to \$49.79 per square foot of living area. The subject's improvement assessment of \$151,841 or \$46.52 per square foot of living area is within the range as to the improvement assessment and slightly below the range on a per-square-foot basis. The appellant's comparables as well as the board of review comparable #2 were given less weight due to their location, considerably smaller dwelling sizes and/or lack of basements when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

---

<sup>1</sup> The appellant's counsel used the incorrect improvement assessment for the subject property in the grid analysis.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
