

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Mazzone
DOCKET NO.: 15-32541.001-R-1
PARCEL NO.: 16-01-204-010-0000

The parties of record before the Property Tax Appeal Board are Michael Mazzone, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,031
IMPR.: \$40,334
TOTAL: \$47,365

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story mixed-use building of masonry exterior construction with 6,223 square feet of building area. The building is approximately 132 years old and has a partial unfinished basement. The property has a 3,125 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on five equity comparables two of which are located within the same assessment neighborhood code as the subject property. The comparables were improved with one, two-story and four, three-story mixed-use buildings of masonry exterior construction that ranged in size from 5,925 to 6,336 square feet of building area. The buildings are from 103 to 117 years old. Features had

varying degrees of similarity when compared to the subject. The comparables had improvement assessments that ranged from \$20,897 to \$37,021 or from \$3.53 to \$5.88 per square foot of building area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$22,440 or \$3.61 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,365. The subject property has an improvement assessment of \$40,334 or \$6.48 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables were improved with three-story mixed-use buildings of masonry exterior construction that range in size from 5,544 to 5,874 square feet of building area. The buildings are from 119 to 124 years old. Features had varying degrees of similarity when compared to the subject. The comparables had improvement assessments that ranged from \$41,352 to \$44,138 or from \$7.04 to \$7.70 per square foot of building area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds neither party submitted comparables that were particularly similar to the subject property with their different neighborhood codes, dissimilar three-story designs and/or newer ages when compared to the subject. The appellant's comparables #1, #2, #3 and #5 received less weight due to their different neighborhood codes and newer ages when compared to the subject.

Despite their different three-story designs, the Board finds the best evidence of improvement assessment equity to be the appellant's comparable #4 and the board of review comparables. These comparables are closer to the subject's age and most similar to the subject in location, exterior construction, building size, foundation and features. These comparables had improvement assessments ranging from \$37,021 to \$44,138 or from \$5.84 to \$7.70 per square foot of building area. The subject's improvement assessment of \$40,334 or \$6.48 per square foot of building area is within the range established by the most similar comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
