

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carlos Martinez
DOCKET NO.: 15-32620.001-R-1
PARCEL NO.: 13-32-123-052-0000

The parties of record before the Property Tax Appeal Board are Carlos Martinez, the appellant(s), by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,125
IMPR.: \$17,980
TOTAL: \$22,105

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 1,503 square feet of living area. Features of the home include a full basement and a two-car garage. The property has a 3,750-square foot site and is in Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information and photographs on seven equity comparable. Four of these comparables have detailed information for various key property characteristics. Three of the comparables have limited property characteristics. In all, seven comparables range: in building size from, 1,520 to 1,870 square feet of living area; in age from 91 to 130 years; and in improvement assessments from \$8.58 to \$9.34 per square foot of living area. The appellant

asserted the subject's total assessment of \$22,105 and a land assessment of \$4,125. In addition, the appellant asserts an improvement assessment of \$11.96 per square foot of living area. The appellant submitted a 2015 Cook County Board of Review document indicating the Board of Review Final Assessment of \$22,105.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,139. The subject property has an improvement assessment of \$18,389 or \$12.23 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on one equity comparable. The board of review's comparables has a building size of 1,786 square feet of living area, is 87 years old, and has an improvement assessment of \$17.18 per square foot of living area. The board of review did not submit documents relating to their assertion that the total assessment is \$22,139 with a land assessment of \$3,750.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The appellant submitted documents asserting that the total assessment is \$22,105 while the improvement assessment is \$11.96 per square foot of living area. The appellant confirmed this assessment by submitting the Cook County Board of Review's assessment letter.

The Board finds the best evidence of assessment equity to be *appellant's comparables #2 and #3 and the board of review's comparable #1*. These comparables had improvement assessments that ranged from \$8.87 to \$17.18 per square foot of living area. The subject's improvement assessment of \$11.96 per square foot of living area falls *within* the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
