

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Janet Maurer
DOCKET NO.: 15-32621.001-R-1
PARCEL NO.: 13-06-406-010-0000

The parties of record before the Property Tax Appeal Board are Janet Maurer, the appellant(s), by attorney John S. Xydakis, of the Law Offices of John S. Xydakis in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,600
IMPR.: \$36,863
TOTAL: \$47,463

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property contains two residential improvements situated on one parcel. The property has a 10,600 square foot site located in Jefferson Township, Cook County. It is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information and photographs on seven suggested equity comparables only for Improvement #1. Four of these comparables have detailed information for various key property characteristics. Three of the comparables disclose limited property characteristics. In all, the appellant's seven comparables range: in building size from 1,776 to 2,182 square feet of living area; in age from 97 to 127 years; and in improvement assessments from \$12.53 to \$14.97 per square foot of living area. The appellant did not submit information on Improvement #2. The appellant requested a total assessment reduction to \$41,333.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,977. The board of review argued that Improvement #1 has an improvement assessment of \$45,377, or \$21.98 per square foot of living area. The board of review disclosed the same assessment information for Improvement #2 as it did for Improvement #1. According to the board, Improvement #2 has the same improvement assessment of \$45,377, or \$21.98 per square foot of living area as Improvement #1. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables for Improvement #1, and four suggested equity comparables for Improvement #2. The board of review's comparables ranged for Improvement #1 in building size from 1,904 to 2,130 square feet of living area; in age from 63 to 93 years; and in improvement assessments from \$16.57 to \$17.86 per square foot of living area. The four comparables for Improvement #2 range: in building size from 624 to 713 square feet of living area; in age from 79 to 93 years; and in improvement assessments from \$24.28 to \$29.54 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the board of review failed to submit sufficient evidence relating to Improvement #2.

The Board finds the best evidence of Improvement #1 assessment equity to be the appellant's comparable(s) #1, #3, and #4, and the board of review's comparable(s) #2. These comparables had improvement assessments that ranged from \$12.53 to \$17.86 per square foot of living area. The assessment for Improvement #1 of \$21.98 per square foot of living area falls *above* the range established by the best comparables in this record. The board of review indicated that Improvement #2 is the same as Improvement #1. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
