

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mr Taylor, LLC
DOCKET NO.: 15-33027.001-R-1
PARCEL NO.: 10-08-100-032-0000

The parties of record before the Property Tax Appeal Board are Mr Taylor, LLC, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,884
IMPR.: \$78,737
TOTAL: \$91,621

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry construction with 3,566 square feet of living area. The dwelling is 59 years old. Features of the home include a full unfinished basement, central air conditioning, three fireplaces and a two-car attached garage. The property has a 28,633 square foot site and is located in Glenview, Niles Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables. Three of the comparables are located within the same neighborhood code as the subject. The comparables consist of four one-story and one 1.5-story dwellings of frame, masonry or frame and masonry construction. The comparables are from 53 to 62 years old. Each comparable has a basement,

with two comparables having a finished area, and central air conditioning. Four comparables have two fireplaces, and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$48,258 to \$65,488 or from \$14.67 to \$19.22 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,621. The subject property has an improvement assessment of \$78,737 or \$22.08 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables, all located on the same block as the subject. The comparables consist of one-story dwellings of masonry or frame and masonry construction that are 53 to 62 years old. Features include two comparables having an unfinished basement. Each comparable has central air conditioning, two or three fireplaces, and a two or 2.5 car garage. The dwellings range in size from 2,800 to 4,331 square feet of living area, and have improvement assessments ranging from \$61,822 to \$101,171 or from \$22.08 to \$26.91 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties have submitted eight comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2, #4 and #5, all of which have partial finished basements with formal recreation rooms, dissimilar to the subject. The Board gave less weight to comparable #2 submitted by the board of review due to its larger dwelling size and slab foundation, which are dissimilar to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #3 and board of review comparables #1 and #3. These comparables had improvement assessments that ranged from \$18.06 to \$26.91 per square foot of living area. The subject's improvement assessment of \$22.08 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
