

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Deborah Anderson
DOCKET NO.: 15-33081.001-R-1
PARCEL NO.: 17-21-214-072-0000

The parties of record before the Property Tax Appeal Board are Deborah Anderson, the appellant, by attorney Timothy E. Moran of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,028
IMPR.: \$50,470
TOTAL: \$73,498

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame construction with 1,924 square feet of living area. The dwelling is approximately 22 years old. Features of the home include a full basement finished with a recreation room, central air conditioning, one fireplace and a two-car detached garage. The property has a 2,424-square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables improved with two-story dwellings of frame or masonry construction that range in size from 1,795 to 1,988 square feet of living area. The comparables range in age from 4 to 22 years old. Each comparable has a full or partial basement with a recreation room and central air

conditioning. Two comparables each have one fireplace and four comparables each have a two-car detached garage. Two comparables have the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$38,031 to \$46,995 or from \$20.35 to \$25.10 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$40,763 or \$21.19 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,498. The subject property has an improvement assessment of \$50,470 or \$26.23 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables improved with two-story dwellings of frame construction each with 1,872 square feet of living area. Each dwelling is 22 years old. Each home has a full basement with a recreation room, central air conditioning, one fireplace and a two-car garage. Each comparable has the same assessment neighborhood code as the subject property as well as being located along the same street and within the same block as the subject property. Each of these properties has an improvement assessment of \$49,897 or \$26.65 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparables submitted by the parties to support their respective positions. The Board finds the best evidence of assessment equity to be appellant's comparables #4 and #5 as well as the comparables submitted by the board of review. These five comparables were most similar to the subject property in location, age, construction and features. The most similar comparables had improvement assessments that ranged from \$22.24 to \$26.65 per square foot of living area. The subject's improvement assessment of \$26.23 per square foot of living area falls within the range established by the best comparables in this record. Less weight was given appellant's comparables #1 through #3 due to differences from the subject in location, age, masonry construction and features as none of these comparables has a fireplace and comparable #3 has no garage. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
