

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kailash Malhotra
DOCKET NO.: 15-33089.001-R-1
PARCEL NO.: 10-18-113-014-0000

The parties of record before the Property Tax Appeal Board are Kailash Malhotra, the appellant, by attorney Timothy E. Moran of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,468
IMPR.: \$56,628
TOTAL: \$62,096

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story single-family dwelling of masonry construction with 4,719 square feet of living area. The dwelling is approximately six years old. Features of the home include a full basement with a recreation room, central air conditioning, one fireplace and a three-car attached garage. The property has an 8,750 square foot site and is located in Morton Grove, Niles Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables improved with two-story dwellings of masonry or frame and masonry construction that range in size from 4,515 to 4,835 square foot of living area. The dwellings range in age from 16 to 61 years old. Each comparable has a full or partial basement with three having finished area, central air

conditioning, one or two fireplaces and a 1, 2, or 3-car garage. Two comparables have the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$43,076 to \$52,436 or from \$8.98 to \$11.61 per square foot of living area. Based on this evidence the appellant requested the subject's improvement assessment be reduced \$50,512 or \$10.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$62,096. The subject property has an improvement assessment of \$56,628 or \$12.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story dwellings of masonry construction that range in size from 4,346 to 4,615 square feet of living area. The dwellings were either 6 or 7 years old. Each comparable has a full basement with two having recreation rooms, each comparable has central air conditioning, three comparables have one or two fireplaces and each comparable has a two-car garage. Each comparable has the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$53,542 to \$58,573 or from \$12.29 to \$12.93 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The board of review comparables are most similar to the subject property in location and age as well as being similar to the subject property in style, size and features. The board of review comparables have improvement assessments that range from \$12.29 to \$12.93 per square foot of living area. The subject's improvement assessment of \$12.00 per square foot of living area falls below the range established by the best comparables in this record. Less weight was given the appellant's comparables due to differences from the subject dwelling in age, each being older than the subject dwelling, and location. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
