

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Fridenbergs
DOCKET NO.: 15-33092.001-R-1
PARCEL NO.: 10-07-105-029-0000

The parties of record before the Property Tax Appeal Board are Gary Fridenbergs, the appellant, by attorney Timothy E. Moran of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,615
IMPR.: \$47,125
TOTAL: \$53,740

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story single-family dwelling of masonry construction with 3,562 square feet of living area. The dwelling is approximately 6 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a two-car attached garage. The property has a 10,585-square foot site and is located in Glenview, Niles Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables improved with two-story dwellings of masonry or frame and masonry construction that range in size from 3,313 to 3,680 square feet of living area. The dwellings range in age from 7 to 53 years old. Each comparable has a full or partial basement with three having finished area, each comparable has

central air conditioning, four comparables have one or two fireplaces and four comparables have a 2-car or a 2½-car garage. The comparables have improvement assessments ranging from \$35,780 to \$46,283 or from \$10.11 to \$12.94 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$38,469 or \$10.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,740. The subject property has an improvement assessment of \$47,125 or \$13.23 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story dwellings of masonry or frame construction that range in size from 3,566 to 3,756 square feet of living area. The dwellings are 6 or 7 years old. Each comparable has a full basement with three having finished area, central air conditioning, one or two fireplaces and a two-car garage. These properties have improvement assessments ranging from \$49,603 to \$56,411 or from \$13.91 to \$15.13 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The board of review comparables were most similar to the subject property in age and exterior construction. Additionally, board of review comparable was located along the same street and within same block as the subject property. The board of review comparables have improvement assessments that range from \$13.91 to \$15.13 per square foot of living area. The subject's improvement assessment of \$13.23 per square foot of living area falls below the range established by the best comparables in this record. Less weight was given the appellant's comparables for such factors as age, exterior construction and features. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
