

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lance Friedmann
DOCKET NO.: 15-33143.001-R-1
PARCEL NO.: 17-07-206-007-0000

The parties of record before the Property Tax Appeal Board are Lance Friedmann, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,075
IMPR.: \$69,311
TOTAL: \$78,386

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,094 square feet of living area. The dwelling is approximately 17 years old. Features of the home include a full unfinished basement, central air conditioning and a two-car garage. The property has a 3,025-square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on five equity comparables located in the same neighborhood code as the subject. The comparables were improved with three, two-story dwellings and two, three-story dwellings of masonry, frame or masonry and frame exterior construction. The dwellings are from 4 to 19

years old. Three comparables have a basement with two comparables having a finished area, four comparables have central air conditioning, three comparables have a fireplace and four comparables have a two-car garage. The dwellings range in size from 2,068 to 2,180 square feet of living area and have improvement assessments ranging from \$56,899 to \$65,143 or from \$27.51 to \$31.01 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$62,725 or \$29.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,386. The subject property has an improvement assessment of \$69,311 or \$33.10 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with three, two-story and one, three-story style frame or masonry dwellings that range in size from 2,014 to 2,267 square feet of living area. The dwellings range in age from four to 18 years old. Each comparable has a basement with three comparables having a finished area, central air conditioning and three comparables have a two-car garage. The comparables have improvement assessments ranging from \$71,271 to \$76,154 or \$33.23 or \$35.39 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #5 along with the board of review's comparable #4 due to their three-story design when compared to the subject's two-story design. The Board gave less weight to the appellant's comparable #2 due to its lack of a basement and central air conditioning when compared to the subject's full basement and central air conditioning. The Board gave less weight to the board of review's comparables #2 and #3 due to their considerably new age when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables. These comparables have varying degrees of similarity in location, design, dwelling size, age and features. These comparables had improvement assessments ranging from \$29.12 to \$33.23 per square foot of living area. The subject's improvement assessment of \$33.10 per square foot of living area falls within the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
