

# FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Gary Briggs

DOCKET NO.: 15-33840.001-R-1 PARCEL NO.: 13-26-113-019-0000

The parties of record before the Property Tax Appeal Board are Gary Briggs, the appellant(s), by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 5,964 **IMPR.:** \$40,124 **TOTAL:** \$46,088

Subject only to the State multiplier as applicable.

#### **Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

#### **Findings of Fact**

The subject property consists of a two-story, masonry, multi-family home with 4,936 square feet of living area. The dwelling is approximately 102 years old. The property has a 4,260 square foot site and is located in Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the inequity argument the appellant submitted information on three equity comparables.

In support of the overvaluation argument, the appellant submitted the first page of a settlement statement listing the Sellers as Cesar and Alexandra Cardona and the Purchaser as Gary Briggs. The appellant's evidence indicates the subject property sold in August 2012 for \$255,000, or

\$51.66 per square foot, including land, pursuant to a short sale. The appellant also submitted the first and last pages of a real estate contract, indicating brokers were involved in the transaction, as well as a City of Chicago Transfer Tax Declaration form. This form indicates the subject property sold pursuant to a short sale. A copy of a recorded warranty deed was also attached confirming the sale price. Based on this evidence, the appellant requested an assessment reduction to \$25,500.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,088. The subject property has an improvement assessment of \$40,124 or \$8.13 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables.

In response to the appellant's overvaluation argument, the board indicated on its grid sheet that the subject's assessment reflects a market value of \$460,880, or \$93.37 per square foot of living area, including land, when applying the 2015 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four sale comparables. These comparables sold between August 2014 and August 2015 for sale prices ranging from \$530,000 to \$633,000, or \$107.54 to \$117.92 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

# **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable(s) #2, as well as the board of review's comparable(s) #2 through #4, as they are most similar to the subject property in size, location and amenities. These comparables had improvement assessments that ranged from \$7.36 to \$9.02 per square foot of living area. The subject's improvement assessment of \$8.13 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified on this basis.

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales

or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant has not met this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the sale of the subject in August 2012 for \$255,000 was a "compulsory sale." A "compulsory sale" is defined as:

(i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. The Board finds that the sale of the subject is a compulsory sale, in the form of a short sale, based on the appellant's documentation.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 2012 IL App (2d) 100068, ¶ 36 (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill.App.3d 207, 211 (2d Dist. 1979)).

However, the Illinois General Assembly has provided guidance for the Board with regards to compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183. Therefore, the Board is statutorily required to consider the compulsory sales of comparable properties submitted by the parties to revise and/or correct the subject's assessment. Id. In considering the compulsory sale of the subject, the Board may look to the market value evidence submitted by the parties to determine whether the purchase price was at the subject's fair market value. 86 Ill.Admin.Code §1910.65(c). Such evidence may consist of the sales of comparables properties. 86 Ill.Admin.Code §1910.65(c)(4); see, Calumet Transfer, LLC v. Ill. Prop. Tax Appeal Bd., 401 Ill.App.3d 652, 655-56 (1st Dist. 2010) ("[The Board] allowed the [intervenor] to challenge the arm's-length nature of the transaction by offering evidence of comparable property sales. This was permissible under paragraph (4) of section 1910.65(c).")

When there is a recent sale of the subject, and that sale was compulsory, the Board may consider evidence which would show whether the sale price was representative of the subject's fair cash value. See 35 ILCS 200/16-183. The appellant's evidence did not dispute that the sale was a compulsory sale. The appellant did not submit sale comparables to show that the sale of the subject in August 2012 for \$255,000, or \$51.66 per square foot, including land, was at its fair cash value. The board of review, however, submitted four recent sale comparables in the subject's neighborhood. They range in sale price per square foot from \$107.54 to \$117.92. The subject's sale price of \$51.66 is well below the range of the best sale comparables contained in the record. Additionally, the subject's current assessment reflects a market value of \$93.37 per square foot, including land, which is also below this range. Since there is no supporting evidence that the sale price of the subject was at its fair cash value, the Board finds that the subject is not overvalued and holds that a reduction is not warranted on this basis.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
