

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Basic  
DOCKET NO.: 15-34086.001-R-1 through 15-34086.002-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Brian Basic, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
15-34086.001-R-1	30-31-302-023-1014	404	855	\$1,259
15-34086.002-R-1	30-31-302-023-1018	541	1,143	\$1,684

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2015 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of two condominium units within a 35-year old, multi-story, 24-unit condominium building. The property is located in Thornton Township, Cook County and is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of the overvaluation argument, the appellant submitted six sales comparables of units within the subject's building. The units sold from February 2013 to July 2014 for a total amount of \$92,074. The appellant argues that the total should be reduced by 10% to account for personal property for an adjusted value of \$83,434. The appellant then applies the percentage of ownership of these sales of 23.418% to arrive at a total value of the building of \$356,280. The appellant next applied the percentage of ownership for each unit of 3.203% and 4.282% to arrive at values for the subject units of

\$11,412 and \$15,256. The appellant then requests that a 9.4% level of assessment should be applied to this adjusted value. The appellant did not submit any evidence to show the subject was owner-occupied

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,020. The subject's assessment reflects a market value of \$25,760 and \$34,440 for each unit when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four sales from units within the subject's building. One unit sold in 2006 with the other three having sale dates from January 2013 to June 2014. The three most recent sales are also included in the appellant's evidence. The units sold for a total amount of \$146,000. The board of review then applies the percentage of ownership of these sales of 17.045% to arrive at a total value of the building of \$856,556.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's comparables. These three sales sold from February 2013 to July 2014 for a total of \$92,074. However, the Board gives no weight to the appellant's adjustment for personal property as there is no evidence of this in the record. Therefore, the Board will apply the percentage of ownership of these comparables of 23,418% to the unadjusted total to arrive at a value for the building of \$393,176. In applying the subject's percentages of ownership for each unit of 3.203% and 4.282%, the Board finds the subject has a value of \$12,593 and \$16,836. The Board finds the appellant incorrectly listed the level of assessment. In applying the correct level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%, the Board finds the appellant showed by a preponderance of the evidence that the subject property was overvalued and a reduction is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
